Many women are now the primary financial decision makers in their households, even though historically women have been underserved by the financial community. This guidebook seeks to help you make financial decisions that will promote financial security for yourself and your family. Compare investment choices and pick the ones that are best for you. Manage the tax implications of withdrawals and pursue strategies that improve your chances of maximizing returns. In addition, we will show you how to open an IRA, how to choose the right financial advisor for you, how to manage vital information and deadlines, how to set up your account with a custodian or IRA administrator to deal with the day to day activities such as depositing contributions and executing and settling transactions, and how to use your IRA to invest in mutual funds and stocks.
