Informative Paper Rubric:

Guiding Students Into Information Literacy Chris Carlson, Ellen Brosnahan, 2009 Information Literacy takes readers systematically through the management of a research activity from conception to final product. Each chapter includes handouts that have been used by the authors with actual research assignments, websites for further information, and a bibliography of additional books that support the ideas in the chapter. An appendix with examples of research papers that have been done by the authors' actual students is also included.

Issues & Trends of Information Technology Management in Contemporary Organizations Information Resources Management Association. International Conference, 2002-01-01 As the field of information technology continues to grow and expand, it impacts more and more organizations worldwide. The leaders within these organizations are challenged on a continuous basis to develop and implement programs that successfully apply information technology applications. This is a collection of unique perspectives on the issues surrounding IT in organizations and the ways in which these issues are addressed. This valuable book is a compilation of the latest research in the area of IT utilization and management.

Academic Skills Problems Edward S. Shapiro, Nathan H. Clemens, 2023-06-30 Now in a revised and expanded fifth edition that reflects current research and best practices in direct assessment and intervention, this text addresses a perennial need for school practitioners and practitioners in training. Presented is a comprehensive problem-solving based approach for working with K-12 students who are struggling with reading, writing, or mathematics. The book provides a framework for evaluating the instructional environment as well as each student's context and unique learning needs, planning instructional modifications, and monitoring progress. The companion workbook available separately contains practice exercises and reproducible forms. New to This Edition: Revised throughout by new coauthor Nathan H. Clemens while retaining the core elements of Edward S. Shapiro's approach. New emphasis on the central role of language in reading, mathematics, and writing development and difficulties and implications for working more effectively with linguistically and culturally diverse students. Fresh perspectives on behaviors that facilitate learning such as attention to task and following directions. Updated and expanded coverage of key topics: universal screening, progress monitoring, intensive individualized academic skills interventions, and more. See also: Academic Skills Problems, Fifth Edition Workbook which provides the reproducible forms discussed in the text, practice exercises, and additional useful materials in a convenient large size format.

How to Assess Authentic Learning Kay Burke, 2009-10-07 Create assessments that meet state standards and target students' learning needs. In this revised edition of her bestseller, Kay Burke provides a wide range of easy-to-implement alternative assessments that address today's accountability requirements. Designed for use across all content areas, these formative assessments are rooted in the language of state standards and emphasize differentiating instruction to meet students' diverse learning needs.
