

9700 HMS Version 3.20 PA-DSS Compliance Documentation

General Information

About This Document

This document is intended as a quick reference guide to provide information concerning MICROs' adherence to the PCI Data Security Standard and Payment Application Data Security Standard (PA-DSS) compliance. This document relates specifically to MICROs 9700 Version 3.20 Hospitality Management System software.

About PCI Compliance

When customers offer their bankcard at the point of sale, over the Internet, on the phone, or through the mail, they want assurance that their account information is safe. That's why the Payment Card Industry (PCI) Data Security Standard was instituted. The program is intended to protect cardholder data—wherever it resides—ensuring that merchants, processors, and service providers maintain the highest information security standard¹.

For more detailed information concerning PCI compliance, please refer to the PCI Security Standards Council website, <https://www.pcisecuritystandards.org/>.

1. Reprinted from "Cardholder Information Security Program", <http://www.visa.com/financial/accepting_risk/high_risk_management/cip.html>.
