Kindle Publishing 101 Nicholas Oetken, 2017-12-10

Do you want to start a profitable Kindle publishing business that makes you money every single day while you sleep? Over a year ago, I knew I did. Since then, I have published books in several different niches and tried numerous different strategies to build my publishing business to where it is now. Today, I consistently make several thousand dollars a month with Kindle publishing; ten of my books have reached the #1 bestseller ranking in their respective categories, and I sell thousands of books every month. Having been there and done that, I can tell you that the #1 thing I have done to get to where I am today is to build up your pen names as authoritative brands in your niche, and that's exactly what I'm going to teach you how to do in this book. In this book, I will share with you the following:

- The story of how I got into Kindle publishing.
- The 5 basic steps to create a Kindle book.
- How to choose a niche and keyword that will make you money.

- How to choose competitive keywords.
- How to choose a book title and subtitle that sell.
- How to write an excellent introduction and conclusion.
- How to ensure that your entire book is high quality and contains value.

Kindle publishing is the easiest and quickest way to create a passive income stream online, and it's something that anybody can do. As we'll discuss, you don't even have to be a writer to be a Kindle publisher because you can outsource the entire process. It also has a low start up cost, and since Amazon is the largest bookstore in the world and the number of Kindle books sold has long since eclipsed the number of traditional paperback books sold, the potential reward is HUGE. And the best part is, the sky is the limit with what you can make with Kindle publishing. It's possible to either write a book that makes you an extra hundred bucks or two a month with it in passive income, or it's possible to fully commit yourself to the process and produce lots of Kindle books each week under an authoritative pen name to eventually earn you thousands of dollars a month. If you want to learn how to create a Kindle
