

JANUARY ... DOES IT BRING YOU JOY?

1 January is the time for renewal on many fronts. It's the time of the year to re-evaluate everything. If something or someone doesn't bring you joy, it's pretty pointless carrying on with it. If we want the best, we must do our best. We must keep our family space safe and secure so that we are thriving as a people and as a nation. 5

2 In order to live their best lives, people are spreading themselves thinner and thinner with multiple streams of income. In the process we earn more but live less, we lose our focus of what is important.

3 With social media, keeping up with other Instagrammers are having a devastating effect on self-perception. Everything appears to be real perfect, but the fabric of our society is frazzled. Use January to take stock and start navigating new ways of doing things. Instead of multiple streams of sole sessions, travel more, and connect with people and places that bring you joy. 10

Negotiating Arab-Israeli Peace Laura Zittrain Eisenberg, Neil Caplan, 2025-04-22 Fifteen years since the publication of its second edition, this foundational text in the history of Arab-Israeli peacemaking endeavors has been updated to include developments from the past twenty-five years. Thoroughly revised and expanded, the third edition of *Negotiating Arab-Israeli Peace* examines the history of recurrent efforts to resolve the Arab-Israeli conflict since the 1970s and identifies a pattern of negative negotiating behaviors that repeatedly derail peacemaking efforts. In addition to updating all of the book's existing chapters with post-2010 sources and developments, authors Eisenberg and Caplan have added new chapters on the Arab Peace Initiative, the Annapolis Conference, the Kerry mission, and the Abraham Accords, as well as a conclusion that questions several core notions regarding the nature of the conflict, the possibility of its resolution, Arab-Israeli normalization, and the viability of the two-state solution. An epilogue extends the book's framework into present-day crises in the region, specifically Hamas's 7 October 2023 attack on Israel and Israel's war against Hamas in Gaza. A companion website comprises nine appendices, among them 145 primary source documents, expanded notes, links to websites for maps, data, and analysis, peace activities, and additional visual and documentary sources. Also online is a robust instructor's guide offering supplementary resources and ideas for assignments, research, and classroom exercises, all of which draw upon and complement the themes running throughout the text. By measuring contemporary diplomatic episodes against the historical pattern of counterproductive negotiating habits, *Negotiating Arab-Israeli Peace* makes possible a coherent comparison of some eighty years of Arab-Israeli negotiations and offers readers a framework with which to assess the relative strengths and weaknesses of peace-making attempts, past, present, and future. *States, the Law and Access to Refugee Protection* Maria

O'Sullivan, Dallah Stevens, 2017-03-23 This timely volume seeks to examine two of the most pertinent current challenges faced by asylum seekers in gaining access to international refugee protection: first, the obstacles to physical access to territory and

second the barriers to accessing a quality asylum procedure which the editors have termed access to justice To address these aims the book brings together leading commentators from a range of backgrounds including law sociology and political science It also includes contributions from NGO practitioners This allows the collection to offer interdisciplinary analysis and to incorporate both theoretical and practical perspectives on questions of immense contemporary significance While the examination offers a strong focus on European legal and policy developments the book also addresses the issues in different regions Europe North America the Middle East Africa and Australia Given the currency of the questions under debate this book will be essential reading for all scholars in the field of asylum law
