Takeuchi,2018-06-18 In the summer of 1876 Mark Twain started to write Adventures of Huckleberry Finn as a detective

novel surrounding the murder of Huck s father Pap Finn The case is unresolved in the novel as it exists today but Twain had already planted the clue to the identity of the killer It is not the various objects ostentatiously left around Pap s naked body they are not the foreground of the scene but actually the background against which a peculiar absence emerges distinctively Pap s boots with a cross in one of the heels are gone with his murderer The key to the mystery of Twain s writings as this book contends from a broader perspective is also such an absence Twain s persistent reticence about the death of his father especially the autopsy performed on his naked body is a crucial clue to understanding his works It reveals not only the reason why he aborted his vision of Huckleberry Finn as a detective novel but also why despite numerous undertakings he failed to become a master of detective fiction    **Children's Literature Review** Alan Hedblad,1996-12 Presents literary criticism on writers and illustrators for children and young adults Critical essays are selected from leading sources including published journals magazines books monographs reviews and scholarly papers    **The Hamilton Literary Magazine** ,1896    **The Light of Evening** Edna O'Brien,2020-10-20 The Light of Evening is a reissued edition of the novel by award winning author Edna O'Brien In Edna O'Brien s twentieth work of fiction an elderly widow on her deathbed in rural Ireland tells the story of her life a story of love family estrangement and motherhood O'Brien brings together the earthy and delicately poetic she has the sound of Molly Bloom and the skills of Virginia Woolf Newsweek    Children's Literature in the Elementary School Charlotte S.
