The Hermeneutics of the Biblical Writers Abner Chou,2019-03-21 A method of interpretation a hermeneutic is indispensable for understanding Scripture constructing theology and living the Christian life but most contemporary hermeneutical systems fail to acknowledge the principles and practices of the biblical writers themselves Christians today cannot employ a truly biblical view of the Bible unless they understand why the prophets and apostles interpreted Scripture the way they did To this end Abner Chou proposes a hermeneutic of obedience in which believers learn to interpret Scripture the way the biblical authors did including understanding the New Testament s use of the Old Testament Chou first unfolds the prophetic hermeneutic of the Old Testament authors and demonstrates the continuity of this approach with the apostolic hermeneutic of the New Testament authors

An African Pentecostal Hermeneutics Marius Nel,2018-12-27 The face of African Christianity is becoming Pentecostal African Pentecostalism is a diverse movement but its collective interest in baptism in the Spirit and the result of Pentecost in daily living binds it together Pentecostals read the Bible with the expectation that the Spirit who inspired the authors will again inspire them to hear it as God s word They emphasize the experiential at times at the cost of proper doctrine and practice This book sketches an African hermeneutic that provides guidance to a diverse movement with many faces and serves as corrective for doctrine and practice in the face of some excesses and abuses especially in some parts of the neo Pentecostal movement African Pentecostalism s contribution to the hermeneutical debate is described before three points are discussed that define it the centrality of the Holy Spirit in reading the Bible the eschatological lens that Pentecostals use when they read the Bible and the faith community as normative for the interpretation of the Bible

**An Intertextual Commentary on Romans, Volume 1** Channing L. Crisler,2021-06-18 An Intertextual Commentary on Romans is an exhaustive treatment of the hundreds of Old Testament citations allusions and echoes embedded in Paul s most famous epistle As many scholars have acknowledged to understand Paul s engagement with Israel s Scriptures is to understand Romans Despite this acknowledgment there is a dearth of reference works in which the primary focus is how the Old Testament impacts Paul s argument from Romans 1 1 to 16 27 This four volume commentary aims to provide just such a reference The interplay between Romans and its vast sea of Old Testament pre texts produces unstated points of resonance that illuminate Paul s rhetorical argument from the letter s opening to its closing doxology Volume 1 examines the Old Testament pre texts in Romans 1 1 4 25 Although the citations of Habakkuk 2 4 and Genesis 15 6 in this section of the letter often dominate intertextual discussions several other Old Testament pre texts though often overlooked support the intertextual subtext of the letter and thereby illuminate various features of Paul s argument In this commentary each of these pre texts is examined from a variety of perspectives The overarching aim of the commentary is to provide scholars interpreters and students with verse by verse analysis of how Israel s Scriptures impact almost every clause of Paul s most famous letter

rhetoric and offers a reconstruction of the context of Paul's conflict with rival apostles in Corinth. At root was the legacy of Moses and of the Pentateuch itself how the scriptures ought to be read and how Platonizing theological and anthropological traditions might be interwoven with Paul's messianic gospel

### **African Pentecostalism and Eschatological**

**Expectations** Marius Nel, 2019-09-16 The Pentecostalisation of African Christianity has been called the African Reformation of the past thirty years. African Pentecostalism is a diverse movement characterised by its emphases on Spirit baptism, divine healing, charismatic worship and eschatological expectations. This work investigates its eschatological systems in terms of its unrealised expectation of the second coming of Christ and suggestions are presented for the movement to keep its eschatology at the heart of its impetus. This is accomplished through a hermeneutical awareness of the distinctiveness of Pentecostalism as a restorationist movement. Written for pastors, church leaders and believers, this book discusses the literalistic way of reading the Bible in most of the classical Pentecostal components of African Pentecostalism supporting their premillennialist and even dispensational eschatological views. It suggests a new Pentecostal hermeneutics developed by scholarship in the past forty years in line with significant elements of the way in which early Pentecostals read the Bible. This new hermeneutical awareness implies new and exciting ways of thinking about eschatology that will enrich and enlighten African Pentecostalism in its hope for the second coming of Christ
