*Research Handbook on Entrepreneurial Behavior, Practice and Process* William B. Gartner, Bruce T. Teague, 2020-03-28  
This Research Handbook provides a comprehensive and detailed exploration of this question: What do entrepreneurs do? The book offers three perspectives: behaviour, practice, and process. This question demonstrates specific methods for answering the question: ethnography, autoethnography, participant observation, diaries, social media platforms, and multilevel research techniques. It provides insights into the implications of pursuing this question as it pertains to the timing and relationality of entrepreneurial activities, the influence of socially situated cognitions, the effect of team membership, and the challenges of pursuing a behaviourally oriented entrepreneurship pedagogy.

IJER Vol 1-N4 International Journal of Educational Reform, 1992-10-01  
The mission of the International Journal of Educational Reform (IJER) is to keep readers up to date with worldwide developments in education reform by providing scholarly information and practical analysis from recognized international authorities. As the only peer-reviewed scholarly publication that combines authors' voices without regard for the political affiliations, perspectives, or research methodologies, IJER provides readers with a balanced view of all sides of the political and educational mainstream. To this end, IJER includes but is not limited to inquiry-based and opinion pieces on developments in such areas as policy administration, curriculum, instruction, law, and research. IJER should thus be of interest to professional educators with decision-making roles and policymakers at all levels. It since it provides a broad-based conversation between and among policymakers, practitioners, and academicians about reform goals, objectives, and methods for success throughout the world. Readers can call on IJER to learn from an international group of reform implementers by discovering what they can do that has actually worked. IJER can also help readers to understand the pitfalls of current reforms in order to avoid making similar mistakes. Finally, it is the mission of IJER to help readers to learn about key issues in school reform from movers and shakers who help to study and shape the power base directing educational reform in the U.S. and the world.
