Re: [Case Caption]
Rule 26(a)(2)(B) Report

Dear xyz:

Your firm, which represents the plaintiff, xyz, in the captioned case, has retained me as a consultant and testifying expert witness on professional ethics and legal malpractice issues. The case is pending in the United States District Court for the xyz District of xyz as Civil No. xyz. I am being compensated at a fixed hourly rate, and I will be reimbursed for significant out-of-pocket expenses, if incurred. This letter constitutes my Rule 26(a)(2)(B) Report.

Apart from the fee agreement just described, and apart from routine professional or social relationships, I do not have and have not had any financial or other association with any party, lawyer or witness in the case of which I am aware. All of the opinions I express in this Report are opinions that I genuinely hold, and would be willing to testify to in open court, under oath. My qualifications to take on this assignment are revealed in the attached *curriculum vitae*. Beyond the obvious points of bar admission, practice experience and academic appointments, several specific aspects of my record are worth noting.

[Academic career. Co-author of *The Law of Lawyering*. Member of the National Conference of Bar Examiners, Multi-State Professional Responsibility Examination Drafting Committee. Co-Reporter for the 2007 Model Code of Judicial Conduct.]

Most of my publications over the last ten years are subsumed under the heading “annual supplements to *The Law of Lawyering*.” In addition to the other articles and op-eds listed on the attached *curriculum vitae*, I have had published several letters to the editors of both professional and general circulation publications such as the *National Law Journal* and the *New York Times*.

Finally, in my current practice I have on several occasions represented respondents in lawyer discipline cases, and applicants in bar admission cases, as well as lay clients in legal malpractice and similar cases. Beyond that, I have been retained as a consultant or testifying expert witness, or both, in many cases in recent years. I have been qualified as an expert and I have testified both live (in open court and in deposition) and through

Courtroom and Report Writing Skills for Social Workers Clare Seymour, Richard Seymour, 2011-07-07 This new text will build on Courtroom Skills for Social Workers by updating the legal and research content and strengthening the material on recording. There will also be additional contributions from service users and more practice examples so as to make the book interesting and relevant for qualified social workers. It will assist social workers in meeting their CPD requirements for continuing registration and also offer a framework for short in-service training courses on court skills and recording both areas in which social workers' performance comes under the scrutiny of other professionals.

Forensic Gait Analysis Ivan Birch, Michael Nirenberg, Wesley Vernon, Maria Birch, 2020-07-07 Gait analysis is the

systematic study of human walking using the eye and brain of experienced observers augmented by instrumentation for measuring body movements body mechanics and the activity of the muscles Since Aristotle s work on gait analysis more than 2000 years ago it has become an established clinical science used extensively in the healthcare and rehabilitation fields for diagnosis and treatment Forensic Gait Analysis details the more recent and rapidly developing use of gait analysis in the forensic sciences The book considers the use of observational gait analysis based on video recordings to assist in the process of identification or exclusion With the increase in use of CCTV and surveillance systems over the last 20 to 30 years there has been a steady and rapid increase in the use of gait as evidence Currently gait analysis is widely used in the UK in criminal investigations with increasing awareness of its potential use in the US Europe and globally The book details the history of the science current practices and of the emergent application to establish best practice standards that conform to those of other forensic science disciplines Engagement with the Forensic Science Regulator and the Chartered Society of Forensic Sciences in the UK and the International Association for Identification has helped to ensure and enhance the quality assurance of forensic gait analysis However there remains a fundamental lack of standardized training and methodology for use in evidentiary and investigative casework This book fills that void serving as one of the first to describe the current state of practice capabilities and limitations and to outline methods standards of practice and expectations of the gait analyst as a forensic practitioner Forensic Gait Analysis reflects current research and forensic practice and will serve as a state of the art guide to the use of gait analysis in the forensic context for both education and training purposes It will be a welcome addition to the libraries of professionals in the areas of podiatry gait analysis forensic video analysis law enforcement and legal practice
