of Europe His first trip with all its pitfalls and novel experiences takes him from Rotterdam to Bremerhaven via Moutiers and Salzburg and then back to Rotterdam It is told with humour introducing a number of colourful characters and providing a personal and unusual insight into the life of a truck driver in the 70s at a time when Europe still had frontier posts and custom restrictions It will be of interest to truck drivers Mack fans and other transport enthusiasts and those who simply want to learn more about the social history of Europe in the 1970s *In the Driving Seat* Alex Heymer,2009-12-31 This recollection of a long and varied life in transport will evoke memories from other drivers who will recognise the truth of this detailed and humorous account
