**The Food and Cooking of Eastern Europe** Lesley

Chamberlain, 1989     **The Best Bread Ever** Charles Van Over, 1997 When Charlie van Over makes his bread he breaks all the rules of classic bread baking He doesn't proof the yeast He uses cold water instead of warm He mixes the dough in a food processor for forty five seconds instead of kneading it by hand He lets the dough rise in a cool place The results Perfect crusty on the outside baguettes with texture taste and aroma Light brioche with buttery crisp crusts and fluffy saffron interiors Chewy bagels with hardy smooth crusts A rich walnut loaf studded with nuts and scented with the full flavor of whole wheat A homey cherry babka with a crunchy cinnamon sugar topping How is this possible Like many inventors Charlie came across his technique by accident At a party for Carl Sontheimer founder of Cuisinart the company that first introduced the food processor to American home cooks it was suggested to Charlie that he mix his dough in a food processor Thus began several years of experimentation and finally a foolproof method for making perfect bread every time Now you can re-create

Charlie van Over's great bread for yourself And what's even more amazing is that Charlie's is a hands off rather than a hands on method Once the dough is mixed in the food processor there's no kneading Just place it in a bowl at room temperature to allow the flavors to develop Have to run out suddenly for a few hours No problem Just put the dough in the refrigerator until you're ready You won't have to keep baker's hours or become a professional to make wonderful bread at home Once you've mastered the basic technique the possibilities are endless Fougasse Ciabatta Semolina Bread pizza Danish Twists and even sourdough Olive Rosemary Bread and Idaho Potato Rolls Have a favorite bread Charlie even explains how to convert any recipe to The Best Bread Ever method The Best Bread Ever provides easy to follow instructions for more than sixty breads step by step photographs helpful advice for troubleshooting your food processor rich color photographs of Charlie's bread and recipes for using bread in bread puddings soups and other dishes As Jacques Ppin says in his foreword Get your ingredients and equipment together and follow Charlie's remarkable method You will never be without good bread again
