## **Events Management Bowdin 3rd Edition:**

*Events Management* Glenn Bowdin, Johnny Allen, Rob Harris, Ian McDonnell, William O'Toole, 2012-05-23 Events Management is the must have introductory text providing a complete A-Z of the principles and practices of planning, managing and staging events. The book introduces the concepts of event planning and management, presents the study of events management within an academic environment, discusses the key components for staging an event, covering the whole process from creation to evaluation, examines the events industry within its broader business context, covering impacts and event tourism, provides an effective guide for producers of events, contains learning objectives and review questions to consolidate learning. Each chapter features a real life case study to illustrate key concepts and place theory in a practical context, as well as preparing students to tackle any challenges they may face in managing events. Examples include the Beijing Olympic Games, Google Zeitgeist Conference, International Confex, Edinburgh International Festival, Ideal Home Show and Glastonbury Festival. Carefully constructed to maximise learning, the text provides the reader with a systematic guide to organizing successful events, examining areas such as staging, logistics, marketing, human resource management, control and budgeting, risk management, impacts, evaluation and reporting. Fully revised and updated content, including new chapters on sustainable development and events perspectives on events, and expanded content on marketing, legal issues, risk and health and safety management. A companion website ([www.elsevierdirect.com/9781856178181](http://www.elsevierdirect.com/9781856178181)) with additional materials and links to websites and other resources for both students and lecturers.

*Events Feasibility and Development* William O'Toole, 2021-12-13 Events Feasibility and Development: From Strategy to Operations, 2nd Edition outlines the best practice in event development and the global events sector. Tools and techniques from the first edition have been refined and expanded through their use in over 20 countries, including the USA, France, UAE, Malaysia and South Africa. These include strategy development and implementation, asset management, portfolio management, return on investment, management process mapping and the feasibility study. Fascinating current examples illustrate these professional management techniques. The second edition elaborates on the events sector maturity model as a measurement tool for cities, regions and countries. This has been tried and successfully tested in developing economies and assisted in the rapid development and sustainability of events in Dubai and many other destinations. Each chapter contains exhibits, questions, bullet points and clear explanations of the tools and techniques. Brand new material includes: A full explanation of the maturity model, including post pandemic solutions; New case studies and exhibits; A new section on teaching and training in event management. The chapters are fully supported by further current case studies and examples on the publisher's and the author's website. Online material also includes 11 lesson plans for a
