Maths Paper Nov 2014 Edexcel Linear:

Curriculum and Assessment in English 11 to 19 John Richmond, Andrew Burn, Peter Dougill, Angela Goddard, Mike Raleigh, Peter Traves, 2017-04-21 Curriculum and Assessment in English 11 to 19 A Better Plan provides an overview of the subject in considerable breadth and depth and offers a clear balanced and forceful critique of the current English curriculum and its associated examinations for 11 to 19 year olds in England and of developments in the area during the past thirty years. The book restates fundamental truths about how students speak read and write English with confidence and control. It describes how English can be taught most effectively, calls for an urgent review of some aspects of the current National Curriculum and its examination arrangements and crucially proposes viable alternatives. This invaluable resource for those working in English media and drama education has a wide perspective and takes a principled and informed pedagogical approach. Based on a series of much admired booklets released by the UKLA in 2015 this accessible guide to both theory and practice will be of interest to teachers, student teachers, teacher educators, advisers and policy makers in the UK and internationally.
