Plagiarama! Geoffrey Sanborn,2016-03-08

William Wells Brown 1814 1884 was a vocal abolitionist a frequent antagonist of Frederick Douglass and the author of *Clotel* the first known novel by an African American He was also an extensive plagiarist copying at least 87 000 words from close to 300 texts In this critical study of Brown s work and legacy Geoffrey Sanborn offers a novel reading of the writer s plagiarism arguing the act was a means of capitalizing on the energies of mass cultural entertainments popularized by showmen such as P T Barnum By creating the textual equivalent of a variety show Brown animated antislavery discourse and evoked the prospect of a pleasurable integrated world Brown s key dramatic protagonists were the spirit of capitalization the unscrupulous double of Max Weber s spirit of capitalism and the beautiful slave girl a light skinned African American woman on the verge of sale and rape Brown s unsettling portrayal of these figures unfolded within a riotous patchwork of second hand texts upset convention and provoked the imagination Could a slippery upstart lay the groundwork for a genuinely interracial society Could the fetishized image of a not yet sold woman hold open the possibility of other destinies Sanborn s analysis of pastiche and plagiarism adds new depth to the study of nineteenth century culture and the history of African American literature suggesting modes of African American writing that extend beyond narratives of necessity and purpose characterized by the works of Frederick Douglass and others

A Thematic Access-Oriented Bibliography of Jesus's Resurrection Michael J. Alter,2019-12-31 The keystone of Christianity is Jesus s physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus s Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease
