family and friends Windows 10 All in One For Dummies makes it easy

Windows 8.1: The Missing Manual David Pogue, 2013-11-26 Windows 8.1 continues the evolution of the most radical redesign in Microsoft's history. It combines the familiar Windows desktop with a new touchscreen friendly world of tiles and full screen apps. Luckily David Pogue is back to help you make sense of it with humor, authority and 500 illustrations. The important stuff you need to know. What's new in 8.1. The update to 8.1 offers new apps, a universal Search, the return of the Start menu and several zillion other nips and tucks. New features: Storage Spaces, Windows To Go, File Histories. If Microsoft wrote it, this book covers it. Security: Protect your PC from viruses, spyware, spam, sick hard drives and out of control kids. The network: HomeGroups, connecting from the road, mail, Web, music streaming among PCs, this book has your network covered. The software: Media Center, Photo Gallery, Internet Explorer, speech recognition, this one authoritative, witty guide makes it all crystal clear. It's the book that should have been in the box.

Windows 8.1 professional Volume 1 and Volume 2 Lalit Mali, 2017-05-06 Windows 8.1 Professional Volumes 1 and 2 aims to help every Windows user to Get familiar with windows 8.1 professional operating system. Know everything about new modern window 8 and 8.1 operating system. Operate all new start screen metro style tile apps and its controls. Customize, configure system and administrator privileges, settings, system services, system tools, PC settings, control panel. Get familiar with all kind of apps. Windows 8.1 tips and tricks. About windows registry. View, edit, modify/modifies Windows 8.1 registry. Explore group policy, behavior view and modify system and user group policy configuration. Describes all each and every group policy one by one with detail explanation.

Windows Vista: The Missing Manual David Pogue, 2006-12-27 Windows Vista is Microsoft's most important software release in more than a decade. It offers users an abundance of new and upgraded features that were more than five years in the making: a gorgeous glass-like visual overhaul, superior searching and organization tools, a multimedia and collaboration suite, and above all, a massive top-to-bottom security shield overhaul. There's scarcely a single feature of the older versions of Windows that hasn't been tweaked, overhauled, or replaced entirely. But when users first encounter this beautiful new operating system, there's gonna be a whole lotta head scratchin' starting with trying to figure out which of the five versions of Vista is installed on the PC: Home, Premium, Business, Enterprise, Ultimate. Thankfully, *Windows Vista: The Missing Manual* offers coverage of all five versions. Like its predecessors, this book from New York Times columnist, bestselling author, and Missing Manuals creator David Pogue illuminates its subject with technical insight, plenty of wit, and hardnosed objectivity for beginners, veteran, standalone PC users, and those who know their way around a network. Readers will learn how to Navigate Vista's elegant new desktop. Locate anything on your hard drive quickly with the fast, powerful and fully integrated search function. Use the Media Center to record TV and radio, present photos, play music, and record any of the above to DVD. Chat, videoconference, and surf the Web with the vastly improved Internet Explorer 7 tabbed browser. Build a network for file sharing, set up workgroups, and connect from the road. Protect your PC and network with Vista's beefed-up security. And much more. This jargon-free guide explains Vista's features clearly and thoroughly.

revealing which work well and which don't. It's the book that should have been in the box. *MCTS: Microsoft Windows Vista Client Configuration Study Guide* Michael Aldridge, Josh Evitt, Lisa Donald, James Chellis, 2007-04-02 Offering a full coverage of all exam objectives in a systematic approach so you can be confident that you're getting the instruction you need to take Microsoft's new MCTS exam 70-620 this book is packed with practical guidance and hands-on exercises to reinforce critical skills.
