Boucheron, 2015-05-21 T00:00:00+02:00 Lorsque il s'agit de dresser leur autoportrait les historiens se plaisent souvent se camper face aux archives qu'ils compulsent et font parler. Ce livre se risque retourner le miroir en proposant le portrait d'un historien en ses archives celles qu'il a consultées mais celles aussi qu'il a constituées. Georges Duby fut l'historien scrupuleux et inspiré de la société féodale mais il fut également l'archiviste méthodique de lui-même. C'est explorer le fonds Duby d'abord pour l'essentiel l'Imec que cette enquête collective est consacrée. Les historiens rassemblés par Patrick Boucheron et Jacques Dalarun grâce au soutien de la Fondation des Treilles entreprennent de saisir Georges Duby travers les visages de papier que constituent ses archives de travail. Ce faisant ils invitent le lecteur entrer dans la fabrique de l'œuvre. Ce n'est pas seulement la carrière du grand maître qui est ici revisitée mais les pratiques et les procédures qui permettent le travail de l'historien : fiches de cours, notes, correspondances, transcriptions de sources, brouillons et manuscrits. Voilà pourquoi ce livre ambitionne sa manière d'illustrer une histoire matérielle du travail intellectuel.

**History and Art History** Nicholas

Chare, Mitchell B. Frank, 2020-11-29 Through a series of cross disciplinary and interdisciplinary interventions leading international scholars of history and art history explore ways in which the study of images enhances knowledge of the past and informs our understanding of the present. Spanning a diverse range of time periods and places the contributions cumulatively showcase ways in which ongoing dialogue between history and art history raises important aesthetic, ethical and political questions for the disciplines. The volume fosters a methodological awareness that enriches exchanges across these distinct fields of knowledge. This innovative book will be of interest to scholars in art history, cultural studies, history, visual culture and historiography.

**Trace and Aura** Patrick Boucheron, 2022-01-18 From one of the foremost medievalists of our time a groundbreaking work on history and memory that goes well beyond the life of this influential saint. Elected bishop of Milan by popular acclaim in 374 Ambrose went on to become one of the four original Doctors of the Church. There is much more to this book however than the captivating story of the bishop who baptized Saint Augustine in the fourth century. Trace and Aura investigates how a crucial figure from the past can return in different guises over and over again in a city that he inspired and shaped through his beliefs and political convictions. His recurring lives actually span more than ten centuries from the fourth to the sixteenth. In the process of following Ambrose's various reincarnations Patrick Boucheron draws compelling connections between religion, government, tyranny, the Italian commune, Milan's yearning for autonomy and many other aspects of this fascinating relationship between a city and its spiritual mentor who strangely seems to resist being manipulated by the needs and ambitions of those in power.
