George VI Sarah Bradford, 2002-02-28 The definitive biography of George VI the hero of The King's Speech George VI reigned through taxing times Acceding to the throne upon his brother's abdication he was immediately confronted with the turmoil in European politics leading up to the Second World War then the War itself followed by a period of austerity social transformation and loss of Empire George was unprepared for kingship suffering from a stammer which could make public occasions very painful for him Moreover he had grown up in the shadow of his brother a man who had been idolized as no royal prince has been before or since However as Sarah Bradford shows in this sympathetic biography although George was not born to be king he died a great one A triumph Sarah Bradford looks set to inherit Lady Longford's mantle as royal biographer supreme Mail on Sunday Lucid convincing and admirably fair George VI has been fortunate in his biographer Philip Ziegler Vivid thorough and enjoyable Independent

Sarah Bradford is a historian and biographer Her books include Cesare Borgia 1976 Disraeli 1982 winner of the New York Times Book of the Year Princess Grace 1984 Sacherevell Sitwell 1993 Elizabeth A Biography of Her Majesty the Queen 1996 America s Queen The Life of Jacqueline Kennedy Onassis 2000 Lucrezia Borgia 2005 and Diana 2007 She lives in London and is married to the 8th Viscount Bangor She is currently working on a full scale biography of Queen Victoria

[George V \(Penguin Monarchs\)](#) David Cannadine,2014-12-04 For a man with such conventional tastes and views George V had a revolutionary impact Almost despite himself he marked a decisive break with his flamboyant predecessor Edward VII inventing the modern monarchy with its emphasis on frequent public appearances family values and duty George V was an effective war leader and inventor of the House of Windsor In an era of ever greater media coverage frequently filmed and initiating the British Empire Christmas broadcast George became for 25 years a universally recognised figure He was also the only British monarch to take his role as Emperor of India seriously While his great rivals Tsar Nicolas and Kaiser Wilhelm ended their reigns in catastrophe he plodded on David Cannadine s sparkling account of his reign could not be more enjoyable a masterclass in how to write about Monarchy that central if peculiar pillar of British life

[Edward VIII \(Penguin Monarchs\)](#) Piers Brendon,2016-04-28 After my death George V said of his eldest son and heir the boy will ruin himself within twelve months The forecast proved uncannily accurate Edward VIII came to the throne in January 1936 provoked a constitutional crisis by his determination to marry the American divorcee Wallis Simpson and abdicated in December He was never crowned king In choosing the woman he loved over his royal birthright Edward shook the monarchy to its foundations Given the new title Duke of Windsor and essentially sent into exile he remained a visible skeleton in the royal cupboard until his death in 1972 and he haunts the house of Windsor to this day Drawing on unpublished material

notably correspondence with his most loyal though much tried supporter Winston Churchill Piers Brendon's superb biography traces Edward's tumultuous public and private life from bright young prince to troubled sovereign from wartime colonial governor to sad but glittering expatriate With pace and panache it cuts through the myths that still surround this most controversial of modern British monarchs **Elizabeth & Philip** Tessa Dunlop, 2023-04-04 This deeply moving story explores the attractions and the tensions that defined the most extraordinary royal marriage of the past seventy five years She was peaches and cream innocence he was a handsome war hero Both had royal blood coursing through their veins The marriage of Britain's Princess Elizabeth to Lieutenant Philip Mountbatten in November 1947 is remembered as the beginning of an extraordinary lifelong union but their success was not guaranteed Elizabeth and Philip A Story of Young Love Marriage and Monarchy plunges the reader back into 1940s Britain where a teenage princess fell in love with a foreign prince There were fears of a flirtatious Greek fortune hunter stealing off with England's crown jewels and then subsequent efforts by the Establishment to reframe Philip as the perfect fit for Britain's most famous family Drawing on original archives as well as interviews with Elizabeth and Philip's contemporaries who are still alive today historian Dr Tessa Dunlop discovers a post war world on the cusp of major change Unprecedented opinion on Philip's suitability was a harbinger of pressures to come for a couple whose marriage was branded the ultimate global fairytale Theirs was a partnership like no other Six years after Elizabeth promised to be an obedient wife Philip got down on bended knee and committed himself as the queen's liege man of life and limb This deeply touching history explores the ups and downs as well as the attractions and the tensions that defined an extraordinary relationship The high stakes involved might have devoured a less committed pair but not Elizabeth and Philip They shared a common purpose one higher even than marriage with roots much deeper than young love Happy and glorious for better or for worse they were heavily invested in a God given mission Monarchy was the magic word **The Windsor Legacy** Robert Jobson, 2025-11-06 THE SCANDALOUS TRUTH BEHIND THE CROWN FROM THE 1 SUNDAY TIMES BESTSELLING AUTHOR OF CATHERINE THE PRINCESS OF WALES THE BIOGRAPHY Hailed as the Godfather of royal reporting by the Wall Street Journal Robert Jobson offers a meticulously researched and fascinating insider insight into the British monarchy's resilience and influence over the past century from Elizabeth II to the future King William Hidden in their own history are the bombshell secrets the palace hoped would never see the light of day from the real fallout of the Prince Andrew Epstein scandal the much maligned departure of Prince Harry and Meghan Markle and the breakdown of the Fab Four and what the late Queen Elizabeth II thought of it all In an age where resilience is essential The Windsor Legacy delivers a scandalous expos of royal intrigue jam packed with exclusive revelations that finally set the record and the press straight With over three decades as a front line royal correspondent Jobson offers a jaw dropping insider account of the abdication crisis espionage betrayal and behind the scenes love affairs to the more recent constitutional crises and the closely guarded truths and feuds that continue to shape the monarchy to this day Told through key characters who chronicle

the clashes at the heart of the family The Windsor Legacy brings our monarchy s darkest secrets to light revealing the truths behind the headlines **The Penguin Dictionary of British History** Juliet Gardiner,2000 An authoritative and wide

ranging survey of over 2000 years of British history from Roman times to the present day Comprising over 3000 articles and written by a team of leading academic historians the guide constitutes a useful source of information about the people events and culture that have shaped Britain s development over the past two millennia **George IV (Penguin Monarchs)** Stella Tillyard,2019-07-04

George IV spent most of his life waiting to become king as a pleasure loving and rebellious Prince of Wales during the sixty year reign of his father George III and for ten years as Prince Regent when his father went mad The days are very long when you have nothing to do he once wrote plaintively but he did his best to fill them with pleasure women art food wine fashion architecture He presided over the creation of the Regency style which came to epitomise the era and he was with Charles I the most artistically literate of all our kings Yet despite his life of luxury and indulgence George died alone and unmourned Stella Tillyard has not written a judgemental book but a very human and enjoyable one about this most colourful of all British kings **Reader's Guide to British History** D. M. Loades,2003 A masterful attempt

to describe the historical secondary literature of the British Isles from prehistory to the present day the set is comprised of substantial essays of 1 000 to 3 000 words each on a wide array of subjects all written by pre eminent scholars in language accessible to beginning students and advanced researchers Each listed essay title is given a thorough annotation The Top 20 Reference Titles of the Year American Libraries May 2004 **George I (Penguin Monarchs)** Tim Blanning,2017-12-07

George I was not the most charismatic of the Hanoverian monarchs to have reigned in England but he was probably the most important He was certainly the luckiest Born the youngest son of a landless German duke he was taken by repeated strokes of good fortune to become first the ruler of a major state in the Holy Roman Empire of the German Nation and then the sovereign of three kingdoms England Ireland and Scotland Tim Blanning s incisive short biography examines George s life and career as a German prince and as King Fifty four years old when he arrived in London in 1714 he was a battle hardened veteran who put his long experience and deep knowledge of international affairs to good use in promoting the interests of both Hanover and Great Britain When he died his legacy was order and prosperity at home and power and prestige abroad Disagreeable he may have been to many but he was also tough determined and effective at a time when other European thrones had started to crumble **George II (Penguin Monarchs)** Norman Davies,2021-05-27

From the celebrated historian and author of Europe A History a new life of George II George II King of Great Britain and Ireland and Elector of Hanover came to Britain for the first time when he was thirty one He had a terrible relationship with his father George I which was later paralleled by his relationship to his own son He was short tempered and uncultivated but in his twenty three year reign he presided over a great flourishing in his adoptive country economic military and cultural all described with characteristic wit and elegance by Norman Davies George II so admired the Hallelujah chorus in Handel s Messiah that he stood while it

was being performed as modern audiences still do Much of his attention remained in Hanover and on continental politics as a result of which he was the last British monarch to lead his troops into battle at Dettingen in 1744 [Edward VI \(Penguin Monarchs\)](#) Stephen Alford,2018-08-28 Edward VI the only son of Henry VIII became king at the age of nine and died wholly unexpectedly at the age of fifteen All around him loomed powerful men who hoped to use the child to further their own ends but who were also playing a long game assuming that Edward would long outlive them and become as commanding a figure as his father had been Stephen Alford s wonderful book gives full play to the murky sinister nature of Edward s reign but is also a poignant account of a boy learning to rule learning to enjoy his growing power and to come out of the shadows of the great aristocrats around him England s last child monarch Edward would have led his country in a quite different direction to the catastrophic one caused by his death [**Edward VI \(Penguin Monarchs\)**](#) Stephen Alford,2014-12-30 Edward VI the only son of Henry VIII became king at the age of nine and died wholly unexpectedly at the age of fifteen All around him loomed powerful men who hoped to use the child to further their own ends but who were also playing a long game assuming that Edward would long outlive them and become as commanding a figure as his father had been Stephen Alford s wonderful book gives full play to the murky sinister nature of Edward s reign but is also a poignant account of a boy learning to rule learning to enjoy his growing power and to come out of the shadows of the great aristocrats around him England s last child monarch Edward would have led his country in a quite different direction to the catastrophic one caused by his death

imperial and pretty stiff his no less grand but much more relaxed and enjoyable This book conveys Edward s distinct personality and significant influences To the despair of his parents he rebelled as a young man conducting many affairs and living a life of pleasure But as king he made a distinct contribution to European diplomacy and which is little known to London laying out the Mall and Admiralty Arch Richard Davenport Hines s book is as enjoyable as its subject and the age he made **George V** David Cannadine,2014 [The British National Bibliography](#) Arthur James Wells,1972
