ICD-10-CM Coding Guidelines Made Easy Terry Tropin,2016-06-17 The Official Coding Guidelines for ICD-10-CM are dense, confusing, and repetitive. In addition, guidelines related to a single body system may be located in multiple sections of the guidelines. It takes a lot of time to find the correct guideline and interpret it. This book combines all the guidelines for one body system or condition in one place. The guidelines are rewritten into plain English and presented in easy-to-use tables. The tables provide information on definitions, sequencing requirements, and need for additional codes. This enables the coder to find the needed guideline quickly and easily. This book is designed for use by students and as quick reference for coders working in the field.
