Proceedings of the XIV INTERNATIONAL SYMPOSIUM SYMORG 2014 Aleksandar Marković, Slađana Barjaktarović Rakočević, 2014-06-05 **Pennsylvania Government and Politics** Thomas J. Baldino, Paula A. Duda Holoviak, 2024-03-12

This book provides a comprehensive examination of the Keystone State's formal and informal political institutions and players past and present and elucidates the place each holds in governing the commonwealth today. Covering a period of more than three hundred years, this volume presents a clear and succinct overview of the commonwealth's political history, culture, and geography, interactions between office holders, civil servants, special interest groups, and the media, policy development and implementation, how laws are created, enacted, and enforced, hierarchy and interaction among state, county, local, and special district government bodies and officials, tax collection and disbursement, and the political upheaval in the wake of the COVID-19 pandemic and the 2020 presidential election. Featuring practical appendixes and interviews with current and past office holders, bureaucrats, party leaders, and political journalists, this astute and informative book is an indispensable tool for understanding politics in the Keystone State.

Grading NASA's Solar System Exploration Program National Research Council, Division on Engineering and Physical Sciences, Space Studies Board, Committee on Assessing the Solar System Exploration Program, 2008-04-25. The NASA Authorization Act of 2005 directed the agency to ask the NRC to assess the performance of each division in the NASA Science directorate at five-year intervals. In this connection, NASA requested the NRC to review the progress the Planetary Exploration Division has made in implementing recommendations from previous relevant NRC studies. This book provides an assessment of NASA's progress in fulfilling those recommendations, including an evaluation of how well it is doing and of current trends. The book covers key science questions, flight missions, Mars exploration, research and analysis, and enabling technologies. Recommendations are provided for those areas in particular need of improvement.

Palgrave Handbook of Research in Historical Culture and Education Mario Carretero, Stefan Berger, Maria Grever, 2017-03-07. This volume comprises a broad interdisciplinary examination of the many different approaches by which contemporary scholars record our history. The editors provide a comprehensive overview through thirty-eight chapters divided into four parts: a) Historical Culture and Public Uses of History; b) The Appeal of the Nation in History; c) Education of Postcolonial Societies; d) Reflections on History Learning and Teaching; e) Educational Resources: Curricula, Textbooks, and New Media. This unique text integrates contributions of researchers from history, education, collective memory, museum studies, heritage, social and cognitive psychology, and other social sciences, stimulating an interdisciplinary dialogue. Contributors come from various countries of Northern and Southern America, Europe, and Asia, providing an international perspective that does justice to the complexity of this field of study. The Palgrave Handbook of Research in Historical Culture and Education provides state-of-the-art research focussing on how citizens and societies make sense of the past through different ways of representing it.
