By state law graduates of public colleges and universities in Georgia must demonstrate proficiency with both the U.S. and Georgia constitutions. This widely used textbook helps students satisfy that requirement either in courses or by examination. This brief and affordable study aid begins with a discussion of the ways that state and local governments in providing services and allocating funds affect our daily lives. Subsequent chapters are devoted to the development of our federal system and the importance of constitutions in establishing authority, distributing power and formalizing procedures. How the various state constitutions differ from each other even as they all complement the U.S. Constitution. How constitutions in Georgia have been amended or replaced. Georgia's governmental institutions at the state, county and city levels. Elections in Georgia including the basic ground rules for holding primaries, general elections and runoffs. Key terms and concepts are covered throughout the book as well as important court cases at the national and state level. In addition, helpful lists, diagrams and tables summarize and compare such information as the structure of Georgia's court system, the number of constitutions each of the fifty states has had, the number of times each state's constitution has been amended and the length of each state's current constitution. Various procedures used by the states to amend their constitutions. Georgia's ten constitutions with highlights of their major changes or features, the number of amendments voted on in Georgia from 1984 to 2012, the executive branch officials elected by the public across states, the constitutional boards and commissions in Georgia with details on the methods by which members are chosen, the number and types of local governments in Georgia since 1952 including counties, municipalities, school districts and special districts, the major federal cases in which Georgia has been a party on issues of discrimination, representation, freedom of speech and the press, the accused or convicted of crimes and the right to privacy, rights and liberties, and how constitutions guarantee and protect them    **THE NEW CENTURY BOOK OF FACTS**, 1911    **Publishers Weekly**, 1920    **The Literature of American History** Josephus Nelson Larned, Philip Patterson Wells, 1902    **The American Educational Catalogue**, 1919    *Congressional Record* United States.
