

**SPECIAL FOCUS: MERIP AND THE POLITICS OF KNOWLEDGE
PRODUCTION IN MENA STUDIES**

MERIP as a Model for Politically Committed Knowledge Production in Middle East Studies

Waleed Hazbun 

University of Alabama, Tuscaloosa, AL, USA
Email: whazbun@ua.edu

Abstract

While MERIP's offered incisive critiques of the power relations that defined the existing field of Middle East studies, this essay explores how it also represents an alternative model of knowledge production, built outside academia, that has helped reshape scholarship and teaching about the Middle East and North Africa and more broadly about the US relationship to the region. The essay also introduces the other contributions in this forum including an edited transcript of 2020 MESA roundtable on the impact of MERIP on Middle East studies, a historical account that traces the origins of the MERIP collective and three essays exploring the evolution of MERIP's approach addressing, in turn, contributions and innovations within the areas of critical political economy, gender studies, and the politics of culture. Finally, drawing on these contributions as well as Middle East Report issue no. 300 that reviews how MERIP covered various topics, the essay concludes by highlighting the continuing value of MERIP as a teaching resource that allows students and others to understand the transformations across the region over the past half century as well as shifting approaches and theories that have come to help define Middle East studies as an academic field.

Keywords: Middle East and North Africa; scholarship; political economy; gender studies; culture pedagogy

In the final pages of *Orientalism*, Edward Said poses the question of alternatives to Orientalism.¹ Admitting to not have engaged in a sustained exploration of alternative forms of knowledge production, he provides, in the last footnote of the book, a short list of examples including “the work done by the Middle East Research and Information Project (MERIP).”² By the time *Orientalism* was released in November 1978, *MERIP Reports* had already published 72 near-

MERIP Middle East Report Middle East Research & Information Project, 1986 Middle East Research and Information Project, 2004 Presents the Middle East Research and Information Project MERIP a project to educate the public about the contemporary Middle East Posts contact information for the headquarters in Washington D C via mailing address telephone and fax numbers and e mail Describes the MERIP quarterly magazine called Middle East Report and provides subscription information Contains information on MERIP s educational materials service Also includes news analysis and commentaries on issues concerning the Middle East not found in the quararter journal *Middle East Report*, 2006 **MERIP Reports (majalah)**. Middle East Research and Information Project, 1968 **Behind the Intifada** Joost R. Hiltermann, 2021-04-13 Before the intifada began Joost Hiltermann had already looked at local organizations in the Israeli occupied West Bank and Gaza Strip and seen there the main elements that would eventually be used to mobilize the Palestinian masses In the first comprehensive study of these organizations Hiltermann shows how local organizers provided basic services unavailable under military rule while recruiting for the cause of Palestinian nationalism Rethinking Geopolitics Simon Dalby, Gearoid O.u Tuathail, 2002-01-22 Rethinking Geopolitics argues that the concept of geopolitics needs to be conceptualised anew as the twenty first century approaches Challenging conventional geopolitical assumptions contributors explore theories of post modern geopolitics historical formulations of states and cold wars the geopolitics of the Holocaust the gendered dimension of Kurdish insurgency the cold war world political cartoons concerning Bosnia Time magazine representations of the Persian Gulf the Zapatistas and the Chiapas revolt the new cyber politics conflict simulations in the US military the emergence of a new geopolitics of global security Exploring how popular cultural assumptions about geography and politics constitute the discourses of contemporary violence and political economy Rethinking Geopolitics shows that we must rethink the struggle for knowledge space and power **Jordan and the Arab Uprisings** Curtis R. Ryan, 2018-06-26 In 2011 as the Arab uprisings spread across the Middle East Jordan remained more stable than any of its neighbors Despite strife at its borders and an influx of refugees connected to the Syrian civil war and the rise of ISIS as well as its own version of the Arab Spring with protests and popular mobilization demanding change Jordan managed to avoid political upheaval How did the regime survive in the face of the pressures unleashed by the Arab uprisings What does its resilience tell us about the prospects for reform or revolutionary change In Jordan and the Arab Uprisings Curtis R Ryan explains how Jordan weathered the turmoil of the Arab Spring Crossing divides between state and society government and opposition Ryan analyzes key features of Jordanian politics including Islamist and leftist opposition parties youth movements and other forms of activism as well as struggles over elections reform and identity He details regime survival strategies laying out how the monarchy has held out the possibility of reform while also seeking to coopt and contain its opponents Ryan demonstrates how domestic politics were affected by both regional unrest and international support for the regime and how regime survival and security concerns

trumped hopes for greater change While the Arab Spring may be over Ryan shows that political activism in Jordan is not and that struggles for reform and change will continue Drawing on extensive fieldwork and interviews with a vast range of people from grassroots activists to King Abdullah II Jordan and the Arab Uprisings is a definitive analysis of Jordanian politics before during and beyond the Arab uprisings *Third World Resources* ,1990 Disciplinary Futures Nadia Y. Kim,Pawan Dhingra,2023-06-20 Reimagines how race ethnicity imperialism and colonialism can be central to social science research and methods There is a growing consensus that the discipline of sociology and the social sciences broadly need to engage more thoroughly with the legacy and the present day of colonialism Indigenous settler colonialism imperialism and racial capitalism in the United States and globally In Disciplinary Futures a cross section of scholars comes together to engage sociology and the social sciences by way of these paradigms particularly from the influence of disciplines of American Ethnic and Indigenous Studies With original essays from scholars such as Y n L Espiritu Sunaina Maira H k lani K Aikau Salvador Vidal Ortiz Ben Carrington Yvonne Sherwood and Gilda L Ochoa among others Disciplinary Futures offers concrete pathways for how the social sciences can expand from the limiting frameworks they traditionally use to study race and racism namely the black white binary the privileging of the nation state the fixation on the US mainland the underappreciation of post and settler colonial studies the liberal assumptions and the limited conception of what constitutes data In turn the contributors reveal that sociology has many useful questions methodologies and approaches to offer scholars of American Ethnic and Indigenous Studies Disciplinary Futures is an important work one which renders these disciplines more intellectually expansive and thus better able to tackle urgent issues of injustice 〇〇〇〇〇〇〇〇 〇〇〇〇〇〇〇〇 (Japan),1987 〇〇〇〇〇〇〇〇 ,1990 *Library of Congress Catalogs* Library of Congress,1980 New Serial Titles ,1995 A union list of serials commencing publication after Dec 31 1949 *Journal of Women's History* ,1990 Beacham's Guide to Environmental Issues & Sources Walton Beacham,1993 **Spectrum of Terror** R. Hrair Dekmejian,2007 Since 9 11 images of fanatical jihadists have become the international symbol of terrorism In the wake of the attacks journalists and academics alike have taken up the task of trying to make sense of these seemingly alien terrorist organizations Many of these sources have perpetuated the idea that terrorists are unknowable or irrational What is often missed is the degree to which terrorists have motivations that can be grasped and understood In his new text Dekmejian places terrorism within a spectrum of political violence creating a typology of terror based on scale and intent as well as by type of actor from isolated attacks by individual bombers to large scale attacks against state targets by organized networks to state sponsored genocide and politicide thus facilitating comparisons across multiple cases As well the book s model of conflict is informed by game theory enriched with understandings of psychological cultural and historical contexts helping students focus on the strategies and desired outcomes of different parties to conflict This analytic approach enables students to trace the changes in mutual perceptions and preferences between terrorists and their targets and leads to a fuller understanding of the causes and dynamics of

political violence The book s uniquely comprehensive coverage of terrorism includes extended cases on the IRA the Tamil Tigers Chechen rebels Al Qaeda Aum Shinrikyo Hizbullah and Hamas Each case looks at the historical origins political factors leadership and organization of the group to give context Discussions of typical tactics patterns of violence the role of external actors and outcomes help readers to explore possible solutions that might stop the cycle of violence and promote peaceful coexistence among the antagonists Appendix materials include glossaries of terrorist groups and technical terms
