personal testimonials have exposed racism in every institution in this country. But knowing that racism exists isn't nearly enough. Social media posts about BlackLivesMatter are nice, but how do you push leadership towards real anti-racist action? Diversity and inclusion strategist Y Vonne Hutchinson helps tech giants, political leaders and Fortune 500 companies speak more productively about racism and bias and turn talk into action. In this clear and accessible guide, Hutchinson equips employees with a framework to think about race at work, prepares them to have frank and effective conversations with more powerful leaders, helps them center marginalized perspectives and explains how to leverage power dynamics to get results while navigating backlash and gaslighting. *How to Talk To Your Boss About Race* is a crucial handbook to moving beyond fear to push for change. No matter how much formal power you have, you can create antiracist change at work. **Women, Minorities, and Other Extraordinary People** Barbara B. Adams PsyD, 2018-09-18

Diverse, inclusive organizations have a distinct business advantage over other organizations. They innovate faster, outperform other companies and even produce higher financial returns. Workforce diversity as a business strategy drives success and can transform a company. But inclusive diversity is difficult to attain and, honestly, about more than just economic benefit. People are looking for guidance on how to do this vital work. Companies that want greater diversity inevitably find that they come up against culture and obstacles they are ill equipped to handle. When the way we've done business no longer represents the kinds of organizations we want to be, how do we step out of our old models and mindsets? This book is for anyone who wants change in the workplace and knows their companies could do more and be more. It's for business leaders, hiring managers, human resources, all those within an organization who believe things can be done differently. In this book, Dr. Adams lays out clear, actionable steps readers can take to develop sustainably diverse and inclusive workplaces. As an organizational psychologist who's been helping companies create measurable change for over 20 years, she offers tangible solutions to complex issues that will enable companies to walk a new path of diversity and inclusion, heightening their performance and success.

Violence Don H. Foster, Paul Haupt, Marésa De Beer, 2005 This profound and deeply compassionate study aims to reach into the complexities of political violence and to expand our understanding of the patterns of conflict that almost drew South Africans into a vortex of total disintegration during the apartheid era. While many accounts have focused on the victims of state repression this unique volume documents the often contradictory and confusing stories of those who acknowledge having committed some dreadful deeds. Individuals on various sides of the apartheid divide from state security structures to the ANC PAC and grassroots activists tell their own stories. The authors also offer the first critical examination of the TRC's amnesty process showing how media representations of perpetrators inform public perceptions and scrutinise international scholarly reflection on the issue of political violence.
