Intake And Output Documentation:

The Essentials of Clinical Documentation Maxine Jeffery, 2020-11-03 This clinical manual is an ideal and standardized platform for preparing nursing students with the essential tools for documenting their nursing process. It teaches nursing students how to gather important data about each client in the clinical setting. Using this manual, the student nurse will be able to perform high quality documentation that is accurate and consistent in the client profile and laboratory and diagnostics and their correlation and significance to the client's diagnosis or diagnoses. This manual also covers the medication administration record, nursing interventions and rationales, and intake and output forms. The Situation Background Assessment Recommendation SBAR form and the use of a concept map complete the list of resources provided. Using this standardized documentation, the student will be able to identify the primary patient data, past and present diagnosis, and treatment plan. Analyze patient data, correlating and drawing conclusions relevant to patient outcome. Document findings in a systematic manner. Interpret diagnostic findings as relate to patient diagnosis. This manual is intended for use in medical surgical and critical care clinical nursing courses.

Document Smart Theresa Capriotti, 2019-06-26 Feeling unsure about documenting patient care? Learn to document with skill and ease with the freshly updated Document Smart 4th Edition. This unique, easy to use resource is a must have for every student and new nurse, offering more than 300 alpha organized topics that demonstrate the latest nursing medical and government best practices for documenting a wide variety of patient conditions and scenarios. Whether you are assessing data, creating effective patient goals, choosing optimal interventions, or evaluating treatment, this is your road map to documentation confidence and clarity.

Fundamentals of Nursing Care Marti A. Burton, Linda J. May, Ludwig, 2014-10-10 Take a fresh new approach to nursing fundamentals that teaches students how to think, learn, and do while they make the connections each step of the way.
