Self-Reflection for the Opaque Mind T. Parent, 2016-12-01 This volume attempts to solve a grave problem about critical self reflection The worry is that we critical thinkers are all in epistemic bad faith in light of what psychology tells us After all the research shows not merely that we are bad at detecting ego threatening thoughts la Freud It also indicates that we are ignorant of even our ordinary thoughts e g reasons for our moral judgments of others Haidt 2001 and even mundane reasons for buying one pair of stockings over another Nisbett Wilson 1977 However reflection on one s thoughts requires knowing what those thoughts are in the first place So if ignorance is the norm why attempt self reflection The activity would just display naivety about psychology Yet while respecting all the data this book argues that remarkably we are sometimes infallible in our self discerning judgments Even so infallibility does not imply indubitability and there is no Cartesian ambition to provide a foundation for empirical knowledge The point is rather to explain how self reflection as a rational activity is possible      *The Johns Hopkins Alumni Magazine* Lawrence Counselman Wroth, 1928      *Deep Peace* Todd D. Hunter, 2021-09-21 Experience deep wholeness in your life that springs forth from the peace of God We live in a fearful anxiety driven age where the problems and challenges of the world assault us from every direction and every media source and they far exceed our abilities to respond to them The sense of desperation that often comes of this leads to discord and violence from bitter cutting remarks to the atrocities of war from pervasive racism to knee jerk micro aggressions It contributes to our current peace bankrupt social discourse leading to patterns of dismissing dividing from condemning or hating people But what if the root of these problems is not found out there in the situations the information or misinformation of what s happening in the world What if they come from here in our minds hearts thought life and emotions In *Deep Peace* Todd Hunter founding pastor of Holy Trinity Anglican Church analyzes the anxiety and desperation of our current moment and brings it before a biblical framework of profound peace This book provides practices to help Christians value and actively seek peace becoming people of reconciliation in ordinary life *Deep Peace* Uncovers the ten things that are most harmful to peace in a person s life Unpacks the Trinity of Peace found in the Father the Son and the Holy Spirit and how we can find rest in each person of the Trinity Reveals spiritual practices that will teach you how to pursue an inner calm and become the kind of person that meets conflict with love and renounces fear *Deep Peace* is a timely benediction that offers a practical and spiritual guide to recenter believers in the peace of Christ      **Arabic Logic**, 1979-06-30 This translation of Ibn al Tayyib s work on Porphyry s *Eisagoge* brings to the English readers a significant book in Near Eastern logic that has been discussed and excerpted by major philosophers such as Tusi Averroes and Avicenna It has also been the source of philosophical discussions on topics of logic by Boethius Abelard Ockham and others Gyekye has clarified the Arabic link between Greek and Latin traditions with his translation detailed explanations and text analysis of this 11th century philosopher s
