## Grade 10 Caps History Question Papers:

*Whose History Counts* June Bam, Lungisile Ntsebeza, Allan Zinn, 2018-11-29 Originally planned as a fact based book on the pre colonial history of the Eastern Cape in the true tradition of history this ground breaking book focuses on epistemological and foundational questions about the writing of history and whose history counts *Whose History Counts* challenges the very concept of pre colonial and explores methodologies on researching and writing history The reason for this dramatic change of focus is attributed in the introduction of the book to the student led rebellion that erupted following the RhodesMustFall campaign which started at the University of Cape Town on 9 March 2015 Key to the rebellion was the students opposition to what they dubbed colonial education and a clamour for among others a decolonised curriculum This book is a direct response to this clarion call

History Education in Africa Gideon Boadu, Charles Adabo Oppong, 2024-07-12 This collection brings together African scholars in Africa and the diaspora to contribute to scholarly debates about critical issues in history teaching and learning in African schools The book contributes to filling the gap in knowledge on African history associated pedagogies and practices and its consequent effects on research and the declining popularity of history in African Schools Specifically the volume a examines current trends and practices in history education in African schools b unveils the challenges and subtleties of teaching the next generation of teachers and students and c examines classroom practices and opportunities for engagement with historical concepts in African schools The book adds a much needed African voice to the international history education literature and contribute to strengthening the place of history teaching and learning in Africa
