The Exam Review contains chapter by chapter questions in multiple choice formats to help students prepare for their state board exams. The answer key at the back of the book allows students to check accuracy and identify weak areas. **Milady's Master Educator Student Course Book** Letha Barnes, 2000-09-08 The purpose of this book is to offer teaching methodology, learning philosophy and professional development for aspiring cosmetology educators. It is intended to be adopted by schools offering instructor training as a core program in an institution's overall curriculum. The material is applicable to educators within any discipline within the wide field of cosmetology. It is designed to work effectively in an instructor led classroom environment but can also be utilized in a mentor self study environment. This book first includes information about the history of teaching, the qualities and characteristics required in a master educator, educator relations, developing a program of study, developing and using educational aids, teaching skills and presentation techniques, and classroom management. It then focuses on the needs of the industry, teaching in a dynamic clinic and grading performance systems. It also addresses adult learner characteristics and learner diversity, learning and teaching methods, and how to achieve learner results. The last part covers professional performance evaluations and preparing for licensure and employment.
