Chapters are co-authored pairing content experts with literacy experts to ensure that both content and literacy standards are met in each approach. Each chapter spotlights the reading of one YA novel and offers pre, during, and after reading activities that guide students to a deeper understanding of the content while increasing their literacy practices. While each chapter focuses on a specific content topic, readers will discover the many opportunities reading YA literature in the content area has in encouraging cross disciplinary study.

This practical, accessible resource will help future and practicing teachers integrate literature into their middle school or high school classrooms while also addressing content area standards and improving the literacy skills of their students. Two introductory chapters are followed by five chapters that each cover a different genre: Chapter 3 Informational Books, Chapter 4 Fiction, Chapter 5 Biography/Autobiography and Memoir, Chapter 6 Poetry, and Chapter 7 How-to and Hands-on Books. Each genre chapter consists of four parts: Part 1 Discusses the genre and how content area teachers can use books within that genre to further content learning and enhance literacy skills; Part 2 Offers hands-on instructional strategies and activities using literature with activities for use in a variety of disciplines; Part 3 Presents individual author studies, three or four per chapter, with bibliographies and guidelines for using the authors' books in content area courses; Part 4 Features an annotated bibliography of specially selected children's and young adult literature for that genre, organized by content area. The annotations provide information about the book which can be used to prepare booktalks and teaching ideas for using in a specific content area. Altogether, these sections contain more than 600 annotated entries tabbed by subject area, including art, English language arts, languages and culture, math and technology, music, PE, health, science, and social studies.
