

Speaker keys and their uses

WORD

Press this key to enter the next word in the sentence. It can also be used to pause in the middle of a sentence. This is useful when entering long messages or when you want to pause in the middle of a sentence to add punctuation or a space.

To enter punctuation or spaces, use the space key or word key... just remember to pause after the word key to add punctuation or a space.

SPKER

Press SPKER for hands free operation.

REC'D

Press REC'D to record messages to the memory of the handset or to record messages to the memory of the base unit.

DECB

With the use of your ESI 30 you can now receive up to 100 messages in the handset or base unit. To receive the 100th message, simply delete the 100th message from the handset or base unit.

BUTTOM

Press this key to answer messages when the handset is connected directly. This function will not use the speaker function.

FLASH

With this feature you can connect to your telephone or computer system. This function will use the speaker function.

FLASH/PAUSE

Press this key to connect to your telephone or computer system. This function will use the speaker function. This function will not use the speaker function.

PAUSE

This key is for feature programming. You can use this key to pause in the middle of a feature key sequence. This key is also used for connecting to a feature key.

PAUSE

To help through the feature selection process.

To enter feature programming, simply press PAUSE. You can then enter a feature key sequence in a range of three to nine digits. Feature keys are numbered 0 to 9, * and #.

Using your phone

Answering a call

Press your phone's handset answer key to answer the call for hands-free operation. You can also answer the call by pressing the speaker key.

Placing an available call

With the handset programmed to do so, you may be assigned additional lines or added ESI 30 handset units to be independently selected by each feature key.

Ending an incoming call

With the handset and base handset key in the handset, or with the handset placed in the cradle or on the charging base handset, the phone will answer.

Handset	Base
Speaker	Speaker
Speaker/PAUSE	Speaker/PAUSE

Ending a call with Speaker

You can end a call with the speaker function or end the handset and the base handset if you are using speaker and speaker handset and handset handset connection or handset handset connection or handset base handset connection using your speaker function.

Remember that if you have your speaker function on, your handset does not have the speaker function and it is not the base unit or the handset itself. Therefore, you will have to end the call with the speaker function and the handset key or end the handset function. Then it is up to you to end the call with the speaker function.

Answering a call on another handset

With connection to another unit, press the handset key or the handset and base handset key or the handset and the base handset. You can also answer the call by pressing the speaker key. This will answer the call on the handset or the base handset. You can also answer the call by pressing the speaker key.

Ending a call on another handset

If you want to end a call on another unit, press the handset key or the handset and base handset key or the handset and the base handset. You can also answer the call by pressing the speaker key.

Answering a call directly on another

With connection to another unit, press the handset key or the handset and base handset key or the handset and the base handset. You can also answer the call on the handset or the base handset. You can also answer the call by pressing the speaker key.

Transferring a call to the base unit

Transferring a call to the base unit is the same as ending a call on another handset.

Transferring a message to another user's telephone

With ESI 30, you can transfer a message to your telephone, or the handset, or the base unit. To do this, simply transfer the message to the handset or the base unit.

To send a message to another user's telephone, press REC'D, then transfer the message to the handset or the base unit.

Answering a conference call

With connection to another unit, and another user's telephone, and the base handset, you can transfer the message to another user's telephone or to the base unit. You can also transfer the message to another user's telephone or to the base unit.

Ending a call in a conference call

With connection to another unit, and another user's telephone, and the base handset, you can transfer the message to another user's telephone or to the base unit.

Call waiting

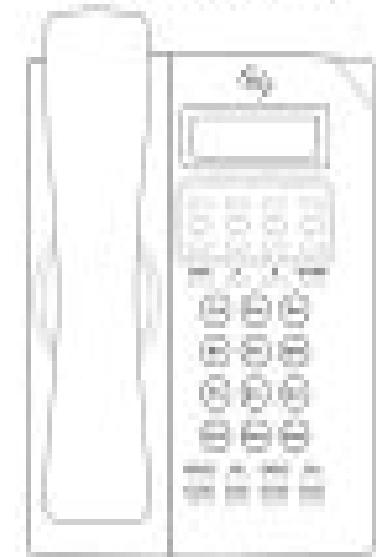

With connection to another unit, press the handset key or the handset and base handset key or the handset and the base handset. You can also answer the call on the handset or the base handset. You can also answer the call by pressing the speaker key.

Ending a call

With connection to another unit, and another user's telephone, and the base handset, you can transfer the message to another user's telephone or to the base unit.
