

# Understanding Manipulative Mind Control and What to do About It (Part 1)

[psychcentral.com](https://www.psychcentral.com)

This article addresses the subject of psychological abuse and why victims/targets can be manipulated and controlled mentally by narcissists and sociopaths (general psychopaths,) and what can be done when it happens. This occurs in families with narcissistic parents, and in cases of **parental alienation**, where one parent uses the child as a psychological weapon to abuse the other parent.

Mind control can occur in any system involving people, such as in churches, the workplace, and families.

Ingredients required: human beings, narcissistic leader, scapegoat(s), lieutenants ("flying monkeys,") and keeping secrets. What can't be allowed in this type of system is free thinkers or free spirits. People with these qualities will be banished.

Mind control is similar to what happens when people join cults. Cult leaders manage to coerce strong-minded, intelligent people away from loving family and friends; all in exchange for a false promise.

Usually people are manipulated, but believe the decisions belong to themselves – not the manipulators.

**Human social interaction dynamics are very powerful.** Throughout time, people have been manipulated by propaganda and social pressure. Think about Hitler and how he was able to manipulate an entire country into hating certain people groups – and acting on it! The underlying reasons for this will be addressed in this article.

If you are struggling with trying to rescue someone from the mind control of another person, then this article is for you. I am going to address the "how" it happened, and also "what" to do once it's happened in subsequent articles.

According to clinical psychologist Margaret Singer, there are six conditions under which a person must be subjected, where mind control happens. These are (Singer, 2003):

1. **Keep the target in the dark, unaware that he/she is being changed.** Victims of this type of manipulation are psychologically led to change their behaviors in order to meet
