**Politics Inc.** John Raidt,2022-03-02 The book examines the dynamics driving the country s deeply troubled political culture and highlights reforms needed in the post Trump era to strengthen US democracy The author paints a clear and sobering portrait of a mercenary election industry and its support structure tailored to perpetuate and exploit America s social and political division He shows how corrosive partisan animosity dysfunctional political institutions and even Trumpism are symptoms of a broken system dominated by a self serving party duopoly Having hacked the democratic process for its own ends the cartel s intrigues continue to undermine functional compromise and the virtues essential for self governance Without timely structural reform outlined in the narrative Politics Inc abetted by technological social and cultural factors will continue to undermine the country from the far right and far left The stakes could not be higher At risk is the nation s security and the future of democracy at home and around the globe    **Catalog of Copyright Entries.
