Ice Cream Sequence Picture Activity:

The Language Kit for Primary Schools Jenny Dundas, Jane Hutchinson, 2017-03-16 The Language Kit for Primary Schools is a comprehensive toolkit for teachers, SENCOs and teaching assistants who deliver group interventions in order to support language and communication in schools. Key features of the kit include suggested strategies with clear guidelines to help practitioners to support spoken language difficulties, detailed instructions describing how to run and deliver language groups to maximize effectiveness and two intervention programmes including session plans, structured activities and photocopiable handouts ensuring that everything necessary to run the group is in one place. Programmes are a ten-week programme for use with Key Stage 1 pupils. This may also be used with Foundation Stage children, a ten-week programme for use with Key Stage 2 pupils. This may also be used with Key Stage 3 students, suggestions for simplifying or extending every activity enabling the practitioner to differentiate and meet the needs of everyone in the group, an additional resource bank and activity ideas to allow further development of language groups. Written in a clear and concise style by a Speech and Language Therapist and a Specialist teacher of Speech, Language and Communication, this resource will allow practitioners to give pupils the best possible language support.

The Social Communication Intervention Programme Resource Catherine Adams, Jacqueline Gaile, 2024-03-29 The Social Communication Intervention Programme (SCIP) has been developed to support school-aged children 6-11 years with social communication, pragmatic and language needs. SCIP provides a rationale and method for providing specialist-level pragmatics and language therapy for these children who have significant social communication differences. The SCIP model is introduced in The Social Communication Intervention Programme Manual and this book presents the content of the intervention programme itself using a nested structure of 150 adaptable therapy activities. It contains the complete set of resources required to plan and deliver the interventions set out in the companion book, including forms, activities and ready-made information sheets. Content can also be downloaded and printed for easy use. Used alongside The Social Communication Intervention Programme Manual, this book offers a truly practical, tried and tested model to provide targeted, individualised intervention for children with social communication challenges. It is an essential tool for speech and language therapists, specialist teachers and psychologists who are working with children with social communication, pragmatic and language needs. For the most effective use, The SCIP Resource should be purchased alongside The SCIP Manual.
