TV Guide ,2005      MTV and Teen Pregnancy Letizia Guglielmo,2013-05-30 In 2009 16 and Pregnant premiered on MTV closely followed by the spinoffs Teen Mom and Teen Mom 2 Because of their controversial portrayals of teenage mothers the shows have received ongoing media attention While some argue that the programs could play a factor in reducing the number of teen pregnancies others claim the shows exploit young women and glamorize their situations Among these debates there have been surprisingly few in depth discourses that discuss the roles such shows have on teenage audiences In MTV and Teen Pregnancy Critical Essays on 16 and Pregnant and Teen Mom contributors from a variety of backgrounds and expertise offer potent essays about these programs Divided into four parts the book tackles the controversial representations of teen pregnancy from various disciplines Part I explores gendered social norms and the shows roles as either educational resources or idealized depictions of teenage motherhood Part II prompts readers to consider the intersections of race class gender and the social and cultural power structures often glossed over in these programs Part III focuses on teenage fathers the portrayal of masculinity and good vs bad parents Part IV draws from TV's representations of reality to discuss the impact of these shows on the viewing audience This section includes a narrative from a teen mother who argues that the shows do not accurately reflect the life she leads As the debates about 16 and Pregnant and Teen Mom continue this collection provides a valuable critical discourse to be used both inside and outside the classroom Those engaged in courses on gender and women s studies as well as media studies social work and family and childhood development will find MTV and Teen Pregnancy especially insightful as will those involved in community outreach programs not to mention teens and young mothers themselves      *Strategic Reinvention in Popular Culture* Richard Pfefferman,2013-12-11 Not all original works invoke the encore impulse in their audiences Those that do generally spawn replications sequels spin offs or re makes This book presents a theory of why some replications succeed and others fail across genres and media      **Elements of Wit** Benjamin Errett,2014-10-07 Got wit We ve all been in that situation where we need to say something clever but innocuous smart enough to show some intelligence without showing off something funny but not a joke What we need in that moment is wit that sparkling combination of charm humor confidence and most of all the right words at the right time Elements of Wit is an engaging book that brings together the greatest wits of our time and previous ones from Oscar Wilde to Nora Ephron Winston Churchill to Christopher Hitchens Mae West to Louis CK and many in between With chapters covering the essential ingredients of wit this primer sheds light on how anyone introverts extroverts wallflowers and bon vivants can find the right zinger quip parry or retort or at least be a little bit more interesting      *Vanity Fair* ,2015      Mediaweek ,2009
