Peace Through Entrepreneurship Steven R. Koltai, 2016-08-30 Joblessness is the root cause of the global unrest threatening American security. Fostering entrepreneurship is the remedy. The combined weight of American diplomacy and military power cannot end unrest and extremism in the Middle East and other troubled regions of the world. Steven Koltai argues Koltai says an alternative approach would work investing in entrepreneurship and reaping the benefits of the jobs created through entrepreneurial startups. From 9/11 and the Arab Spring to the self-proclaimed Islamic caliphate instability and terror breed where young people cannot find jobs. Koltai marshals evidence to show that joblessness not religious or cultural conflict is the root cause of the unrest that vexes American foreign policy and threatens international security. Drawing on Koltai's stint as senior adviser for Entrepreneurship in Secretary Hillary Clinton's State Department and his thirty year career as a successful entrepreneur and business executive, *Peace through Entrepreneurship* argues for the significant elevation of entrepreneurship in the service of foreign policy not rural microfinance or mercantile trading but the scalable stuff of Silicon Valley and Sam Walton generating the vast majority of new jobs in economies large and small. *Peace through Entrepreneurship* offers a nonmilitary long term solution at a time of disillusionment with Washington's big development approach to unstable and underdeveloped parts of the world and when the new normal is fear of terrorist attacks against Western targets beheadings in Syria and jihad. Extremism will not be resolved by a war on terror. The answer Koltai shows is stimulating entrepreneurial economic opportunities for the virtually limitless supply of desperate unemployed young men and women leading lives of endless economic frustration.

Abolish Rent Tracy Rosenthal, Leonardo Vilchis, 2024-09-24. *Abolish Rent* takes aim at one of the foremost engines of inequality and injustice. Rent drives millions to debt despair and onto the streets. The social cost of rent is too damn high. Written for anyone fed up with the permanent housing crisis complicit politicians and real estate greed, *Abolish Rent* dissects our housing system from the perspective of those it immiserates. Through brisk unequivocating analysis and striking stories of resistance, it shows us how tenants can through organizing and collective action finally rebalance the scales. From two co-founders of the largest tenants union in the country, this deeply reported account of the resurgent tenant movement centers poor and working class people who are fighting back, staying put and remaking the city in the process. Authors Tracy Rosenthal and Leonardo Vilchis take us to trilingual strategy meetings, raucous marches against gentrification and daring eviction defenses where immigrants put their

lives on the line These are the seeds of the revolutionary movement we need to make our housing our cities and the world our home *Subject Catalog of the World War I Collection* New York Public Library. Reference Department,1961
