Developing Critical Thinking Fernando Naiditch,2016-11-14 Critical thinking requires a deep understanding of the topic at hand and the ability to look at content from diverse and often unfamiliar perspectives Critical thinkers engage with material in innovative and creative ways to analyze synthesize and assess it in order to reach their own informed conclusions *Developing Critical Thinking From Theory to Classroom Practice* invites readers to revisit their pedagogy to promote this type of inquiry Scholars and practitioners from several content areas introduce several examples of instructional strategies classroom practices and projects at multiple grade levels Their experiences come together to highlight practical ways to foster students critical thinking skills and encourage them to engage in learning in new ways *Differentiating for Success* Nancy Witherell,Mary C. McMackin,2016-06-16 Creating differentiated instruction is an essential yet time consuming component of effective teaching Since students learn at different paces and in different ways some students may be able to apply a targeted comprehension skill in cognitively complex ways immediately after being taught the skill while other students may need additional scaffolding in order to grasp it All students regardless of their skill level benefit from activities that are at their just right level This means activities are not too difficult or too easy In this book Nancy Witherell and Mary McMackin share easy to follow lesson plans that address key reading skills for students in grades 3 to 5 A set of three tiered differentiated follow up activities accompanies each lesson Fiction and nonfiction mentor text suggestions are included
