## **Le Temple De Ain Dara:**

**Temples and Sanctuaries from the Early Iron Age Levant** William E. Mierse, 2012-10-15 The vision for this impressive work on temple architecture in the Levant grew out of the author's work on Roman temple designs on the Iberian Peninsula and continual references to Semitic influences on the designs of sanctuaries both on the Peninsula and in North Africa. It was assumed that Phoenician colonization had brought with it the full flowering of Levantine architectural forms. As Mierse began to search for relevant material on the ancient Levant however he discovered that no overall synthesis had ever been written and it was virtually impossible to recognize and isolate Semitic elements in architectural forms. This book addresses this need. The analysis presented here is comparative and follows the methodology most commonly employed by architectural historians throughout the twentieth century. It is a formalist approach and permits the isolation of lines of continuity and the detection of discontinuity. While Mierse relies heavily on this traditional method he also introduces some approaches from the postprocessual school of archaeology in its attempts to discern an appropriate way for cult to be investigated by archaeology. The sanctuaries that this book presents were erected between the end of the Late Bronze Age conventionally assigned the date of 1200 B.C.E. and the annexation of the Levantine region into the Assyrian Empire when Mesopotamia again became highly influential in the region. The topic concerns temples that were produced during the period when the Levant was its own entity and politically independent of Egypt, Mesopotamia or Anatolia. During this period the designs chosen for inclusion in this book must reflect local choices rather than resulting from imposed outside concepts. The architecture that emerged in the wake of the downfall of the Late Bronze Age and the subsequent reemergence of social cohesiveness manifested significant changes in form and function. The five centuries under review reveal exciting developments in sacred architecture and show that although the architects of the first millennium B.C.E. maintained important lines of continuity with the developments of the previous two millennia they were also capable of creating novel forms to meet new needs. Included in this fascinating volume are 90 pages of photos, drawings, floor plans and maps.

**A New Luwian Stele and the Cult of the Storm-god at Til Barsib-Masuvari** Guy Bunnens, 2006 The present publication aims to make public a stele carved with both a relief of the Storm God and a Luwian inscription that was discovered in the Euphrates river in 1999 between the modern village of Qubbah and the archaeological site of Tell Ahmar in northern Syria.

Based on the most up to date discoveries this book explains the biblical and historical background of the temple in Jerusalem. The author is archaeologist and professor

Dr Randall Price who has spent more than 30 years exploring the Holy Land and studying the Temple Mount in Jerusalem Bonus Temple Poster by National Geographic shows a new digital model of the Herodian Temple Mount throughout time Covers Important Events and People in the History of the Temple from Abraham to Modern Day Includes 4 sections as follows Section 1 God's Sanctuary before the Temple Pre temple Sanctuaries Section 2 The First Temple in Jerusalem The First Temple's Construction Design and Destruction Section 3 The Second Temple in Jerusalem Zerubbabel's and Herod's Temples Section 4 The Modern Temple Mount and Future Temple Ezekiel's Temple     **The Temple of 'Ain Dara** Ali Abou Assaf,1998     The Books of Kings André Lemaire,Baruch Halpern,Matthew Joel Adams,2010 This collaborative commentary on or dictionary of Kings explores cross cutting aspects of Kings ranging from the analysis of its composition historically regarded to its transmission and reception Ample attention is accorded sources figures and peoples who play a part in the book The commentary deals with Kings treatment in translation and role in later ancient literature While our comments do not proceed verse by verse the volume furnishes guidance from contributors highly qualified to advance contemporary discussion on the book's historical background its literary intentions and characteristics and on themes and motifs central to its understanding both of itself and of the world from which it arose This volume functions as a meta commentary offering windows into the secondary literature but assembling data more fully than is the case in individual commentaries     **The Iron Age Settlement at 'Ain Dara, Syria** Elizabeth Caecilia Stone,Paul E. Zimansky,1999 The great temple of Ain Dara overlooking the Afrin Valley from the summit of a steep sided tell is one of the most impressive monuments of the north Syrian Iron Age In a program of excavation extending over more than three decades expeditions sponsored by the Syrian Department of Antiquities and Museums have completely exposed the temple's ground plan and recovered a major corpus of associated sculptures This rich archaeological harvest however poses important questions to which excavation in the temple itself has suggested only incomplete answers or none at all The research presented in this survey and excavation report is the product of a project undertaken in the early 1980s to provide a context for the temple by investigating the settlement that surrounded it offering a contribution to our understanding of an obscure phase in the archaeology of northern Syria and southern Anatolia     **Le Temple de Ain Dara** Ali Abou-Assaf,1999     The World of the Herods Nikos Kokkinos,2007     **A History of Ancient Israel and Judah** James Maxwell Miller,John Haralson Hayes,2006 Miller and Hayes has long been my number one recommended textbook for classes on the history of ancient Israel and Judah While I may not agree with every word I know of nothing like it for the systematic way in which it sets out the whole range of evidence discusses it critically and bases its historical reconstruction on the results The field has been moving so rapidly however with new discoveries and radically different interpretations of familiar material that it was reaching the point where this book would need to be replaced This new edition represents such a significant revision with account taken of all the most recent main discussions that it will again immediately resume its premier position in the field II G M WILLIANISC N REGIUS PROFESSOR OF

HEBREW UNIVERSITY OF OXFORD More than two decades have passed since Miller and Hayes's History helped us absorb the lessons learned when a regnant synthesis that largely authenticated Israel's version of its past had shattered. As presented in its pages Israel's history was far more complicated and exhilarating than the one presented in Scripture and its people proved concerned with much more than just communion with God. In this completely rewritten edition the frame is basically the same but the details are richer and more absorbing if only because archaeological discoveries and scholarly debates since then have multiplied the questions. Writing a limpid prose shaping a story that is neither bland nor boring, Miller and Hayes continue to guide us reliably through thorny issues. JACK M. SASSON MARY JANE WERTI JAN PROFESSOR OF JUDAIC AND BIBLICAL STUDIES VANDERBILT UNIVERSITY Miller and Hayes's comprehensive work has clearly and superbly represented an important scholarly tradition in the study of the history of ancient Israel. This revision with substantial bibliographic updating and increase in illustrations and visuals will preserve its status as a standard in the field. K. LAWSON YOUNGER JR. PROFESSOR OF OLD TESTAMENT SEMITIC LANGUAGES AND ANCIENT NEAR EASTERN HISTORY TRINITY EVANGELICAL DIVINITY SCHOOL In a time of polarization over the veracity and usefulness of various forms of data this volume is a welcome addition both for its level headed and even handed treatment of all relevant materials and the sheer volume of material presented. The authors respect the intelligence of their readers and supply them with the data, the range of scholarly debate on the topic and their own analysis allowing both beginning students and seasoned scholars to soundly evaluate the situation. TAMMI J. SCHNEIDER PROFESSOR SCHOOL OF RELIGION CLAREMONT GRADUATE UNIVERSITY **The Ugaritic Baal Cycle** Mark S. Smith, 2009 *The Ilipinar Excavations* J. J. Roodenberg, 1995 Ilipinar is a multi period mound that was intermittently occupied from the Neolithic to the early Byzantine period. In twelve chapters on such subjects as the natural environment, the stratigraphy and architecture, the pottery, bone artifacts, the faunal and floral remains as well as the chronologies, the preliminary results of the prehistoric levels are summarized. *Newsletter - American Schools of Oriental Research* American Schools of Oriental Research, 1984 A Brief Introduction to the Old Testament Michael David Coogan, 2009 A Brief Introduction to the Old Testament The Hebrew Bible in Its Context is a concise and updated version of Michael D. Coogan's best selling The Old Testament: A Historical and Literary Introduction to the Hebrew Scriptures. Like the longer text it takes a historical and literary approach to exploring the Hebrew Bible. It begins with two introductory chapters one on the composition of the Old Testament and one on the geography and history of the Ancient Near East and how it influenced the Hebrew Bible to give students the background necessary to understand the biblical texts. The larger Coogan textbook does not open with such introductory chapters. Then with this context as a framework and additional historical and geographical information where necessary Coogan presents the story of the Hebrew Bible. Relying on internal evidence, scholarly consensus and current scholarship he deals in detail with Ancient Near Eastern sources and archaeological data while also introducing readers to literary analysis and other

interpretive strategies For comparison he also looks at other writings from the ancient Near East to give students a thorough and balanced introduction An appendix on the apocryphal deuterocanonical books is included *Abstracts American Academy of Religion*,American Academy of Religion.
