Exampler P2 Isizulu:

Global Perspectives on Youth Language Practices Cynthia Groff, Andrea Hollington, Ellen Hurst-Harosh, Nico Nassenstein, Jacomine Nortier, Helma Pasch, Nurenzia Yannuar, 2022-02-07 Most journal articles edited volumes and monographs on youth language practices deal with one specific variety one geographical setting or with one specific continent This volume bridges these different studies and it approaches youth language from a much broader angle A global framework and a diversity of methodologies enable a wider perspective that gives room to comparisons of youth s manipulations and linguistic agency transnational communicative practices and language contact scenarios The research presented addresses structural features of everyday talk and text youth identity issues related to specific purposes and contexts and sociocultural emphases on ideologies and belonging Combining insights into sociolinguistic and structural features of youth language the volume includes case studies from Asia Indonesia Australia and Oceania Arnhem Land New Ireland South America the Amazon Chile Argentina Europe Germany Spain and Africa Uganda Nigeria DR Congo Central African Republic South Africa It expands on existing publications and offers a more comparative and global approach without a division of youth s strategies in terms of geographical space or language family This collection including a conceptual introduction is of interest to scholars from several linguistic subfields working in different regional contexts as well as sociologists and anthropologists working in the field of adolescence and youth studies

The Oxford Guide to the Bantu Languages Lutz Marten, Ellen Hurst-Harosh, Nancy C. Kula, Jochen Zeller, 2025-08-19 This volume brings together leading scholars from Africa Europe the Americas and beyond to provide a detailed account of the languages of the Bantu family which cover an area from Cameroon and Kenya in the north to South Africa in the south The Bantu family is part of the Niger Congo phylum and one of the world s biggest language groups comprising around 500 languages The family includes major languages with large numbers of speakers such as Zulu Kinyarwanda and Swahili the most widely spoken and taught African language as well as many community languages and several endangered languages Bantu languages feature prominently in the complex and multilingual language ecologies that are characteristic of the linguistic situation in much of Africa and they provide rich evidence for the study of theoretical and comparative linguistics language contact and language change They play an important role in education commerce culture and artistic expression in the media and public discourse in governance and social justice and are central to the future of the continent and the well being of its communities The first part of *The Oxford Guide to the Bantu Languages* provides background and context with chapters exploring the history of research in the field language and prehistory in Bantu speaking Africa and typology and variation Chapters in the second part offer broad comparative overviews of Bantu phonology morphology syntax semantics and pragmatics socio and applied linguistics before Parts III VII cover more specific topics in Bantu linguistics across a variety of subfields ranging from structural issues such as the augment and melodic tone to historical and sociolinguistic topics such as Bantu languages in the

diaspora and language policy and standardization The chapters in the final part offer individual structural overviews of a range of languages from across the Bantu speaking area The book will be an essential resource for students and researchers specializing in the Bantu languages and for typologists and comparative linguists more broadly Researching Mathematics Education in South Africa Renuka Vithal,Jill Adler,Christine Keitel,2005 Reflecting on the theoretical and ideological work that has contributed to the growth of mathematics education research in South Africa this study provides a historical analysis of forces that have changed and shaped mathematics curricula over the years The themes researched and explored include radical pedagogy progressive classroom practices ethnomathematics and South African mathematics education research within both its local and international contexts
