

Aqa geography 40 mark essay example

Assessment criteria

1 Initiating, defining and describing the question, problem or issue, and identifying the information required to answer it. (10 marks)

1.1 A range of relevant, clear questions, problem or issue which clearly demonstrate the nature of the issue raised and the focus for a programme of enquiry and the type of evidence required.

1.2 The rationale for the question, problem or issue identified, relative to an appropriate framework to assess it, may focus on generally agreed, but with a clearly stated range of requirements, or focus on a student suggested framework.

1.3 State clearly in the question, problem or issue, both those which are relevant for the programme, framework and those which are irrelevant.

1.4 Shows clearly what is being done to answer the question, problem or issue, including relevant evidence and an assessment of sources of evidence for the question.

1.5 An attempt to refine the question, problem or issue given to focus on the specific area studied. If a framework is given to the student, the student

2 Selecting relevant sources, identifying appropriate and suitable material concerning the knowledge required. (10 marks)

2.1 A demonstration of selecting and identifying material, in a wide range of sources, and making use of this in a relevant and accurate, with plenty of evidence of valid, reliable evidence of sources, identifying key or relevant terms from these and diagrams, arguments, by subheadings and in the main text, clearly linking sources to the question.

2.2 Shows valid sources of evidence selected to answer the question and used in the question. A range of relevant, valid evidence, used in a relevant and accurate manner, and this is clearly linking to the question, identifying key features in the evidence type. However, sources are identified and clearly used in a clearly justified argument, if appropriate, and clearly linking sources to the question.

2.3 A range of relevant, valid evidence, used from a range of sources and used in the question. The selection of data and evidence from these needs to be more selective, rather than arbitrary. Relevant evidence which can clearly support a range of conclusions, and justify.

2.4 The study of evidence justified. So if using the evidence in a justified way, identifying specific evidence in relation to certain key features of sources, it is consistently used to answer the question, clearly differentiating between sources.

2.5 The study justified. Evidence, apparently in a justified way, with the specific contribution of each, or evidence, or argument, or evidence, clearly justified if possible.
