Krannich,2016-01-10 Millions of job seekers face employment barriers While some barriers may be caused by other people discrimination or circumstances beyond one s control chronic health issues or natural disasters most barriers represent self inflicted red flags created by poor choices questionable skills sketchy experience difficult personalities and mediocre efforts Few job seekers are victims of a lousy job market bad employers or dumb luck It s a candidate s own cumulative red flags or potholes in life job hopping incarceration termination time gaps negative attitudes and limited education skills and experience that make employers suspicious hesitant reluctant and then resistant to interview and hire such risky people Similar to addictions old habits are difficult to break and denial prevents many people from changing their red flag behaviors

But few employment barriers are ever insurmountable. Most self-inflicted barriers pose challenges that require changes in attitudes and mindsets, renewed understanding, purpose, determination, and the drive to succeed. This user-friendly guide overlaid with a strong cognitive therapy theme initially profiles each barrier as a series of introspective questions and then provides descriptions and analyses followed by sound advice on how to best overcome the particular barrier. Organized by different types of barriers and related red flags, the book includes 12 barriers related to skills and work history, 27 barriers associated with attitudes and behaviors, 8 barriers focused on health, wellness, and disabilities, 80 barriers centered on job search, knowledge, and skills. How do successful job seekers approach their job search, communicate with potential employers, complete applications, market resumes and letters, and get job interviews and offers? How do they handle rejections and bounce back? The 127 barriers outlined in this book go a long way to answering these important questions.

A Map Through the Maze Ned Rollo, Louis W. Adams, 2015-07-10. The book every prisoner should receive upon sentencing and lock down. Each year, nearly 12 million people in the United States circulate in and out of jails, detention centers, and prisons. For most, it's a brief and eventful encounter. But for the 2.2 million who serve longer sentences, it's a chilling and costly experience punctuated with fear, distrust, fragile hope, boredom, grief, and depression. How can they best cope with a criminal justice maze that's often filled with endless barriers, deadly traps, and hopelessness? For most people, being locked up is not the end of the world. Someday they will be released and re-enter the free world. But first, they need to meet Ned Rollo, who has walked the walk and talked the talk. He's not a naive do-gooder who wants to fix you; he's someone who has harvested his soul or, in other words, his mind. His outlaw side began in 1966 at the age of 23 and includes four felony convictions resulting in over five years in state and federal jails. Upon release, he rebuilt his life by helping ex-offenders deal with both the correctional experience and their own demons. Since 1979, Ned has been a trusted friend to thousands of inmates nationwide. This revealing book offers an in-depth mental and emotional roadmap running from the moment of felony conviction through five years following release from captivity. Focusing on the mindset of inmates, Ned shows what mental shifts need to take place in order to effectively go beyond the prison walls where a life of purpose, meaning, love, and beauty exists and is well worth living. Designed for inmates, loved ones, and correctional educators, this book is filled with Ned's signature insights: understanding true freedom, confronting the prison experience, beating the system at its own game, transforming thoughts and actions, overcoming barriers to growth and self-worth, avoiding deadly traps, accepting responsibility, and rejecting excuses; developing a survival and success strategy; maintaining physical and mental health; acquiring education and vocational skills; saying Goodbye and Hello; I'm back; staying in touch with the ever-changing world; controlling anger and hate; progressing in the free world; avoiding the dangers of trying to catch up. A special chapter by Louis W. Adams, D.Min., provides much-needed wisdom to the families of offenders who also serve a sentence in silence. It addresses such issues as loss, grief, anger, depression, setting limits, getting help, finding support, maintaining a relationship, helping children, visiting, and homecoming. An extensive resource section puts readers in touch

with the best ex offender survival and re entry books and DVDs The book also is tied into a major DVD Now What and training program Together the authors have crafted the definitive guide to surviving the correctional experience Embrace its lessons and you ll advance into the sunlight of achievement and true freedom
