Title: The Successioners Three (TET)

I'm avoiding writing. I don't know why — once I start, I tend to get in the zone and this next scene should be exciting. I guess I'm scared. It's daunting — completely rewriting a book. AGAIN. This is time #3. And I feel like I don't quite have Freddie's voice — maybe I'm trying too hard or not hard enough. It feels kinda "meh" is all I know. Plus, I don't have Sam's voice at all... But HELL, since did you have Sam or Sasha right away? No. It took some false starts and rewrites. So why are you expecting so much? All I need to do is hammer out a scene a day until I leave for Australia (or hit 100 pages). If I can get ~6 pages/day, I'll reach my goal by November. Remember: there's no real rush here. That's what's so nice about commissions, Karen can wait for this, and book 3 is all done. Books take time, okay. Patience.

Now, go write the next scene. ☺

Hours later: Okay ~970 words and some ~~more~~ editing of scene 1 later, and I'm trying to finish my pft up to Scene #3. I have a total of 10-11 pages, which puts me exactly on track. But I'd rather get AHEAD of track. ☺

## Example Journal Writing Format

**Christian G. Meyer**

## **Example Journal Writing Format:**

The Ultimate Journal Writing Book for Kids & Adults Samantha Claire,2017-01-15 When You Feel Rotten Confused and Need to Unload Try Journaling Are you going through a rough patch Do you need more clarity in your life Journaling is essentially externalizing your thoughts and feelings to paper It lets you know more about yourself experiences and hone in to your inner voice Through this book you'll learn how to fully express yourself like you've never done before You'll be able to explore everything that goes on internally and externally By journaling about your thoughts and feelings they come clearer and real to you that you can almost touch it In every aspect of your life you can make it better by exploring it through journaling With journaling you'll be able to vent off all fears bad emotions sad experiences and negative thinking so that you can eject them out of your system once and for all You can explore your hopes dreams and innermost thoughts to know what you really want For someone who has done this for over a decade Its funny and sometimes embarrassing to see what I wrote down many years ago But its amazing to see how far I've come where I managed to materialize my childhood wishes It's the best feeling to actually meet your past self through the journals of your youth This book will also help you be more creative self motivated self aware and mindful amidst the confusion of a thousand things going on in normal life Journaling will keep you grounded to the present to your thoughts to your past and even to your future This will help you be more physically

emotionally and spiritually be more content It will help build stronger relationships to the people in your life even a stronger connection with your dreams and aspirations Start enjoying the many benefits of keeping a journal Let me take you by the hand as we embark on this journey together Grab your copy today Learning Journals Jennifer A. Moon,2006 Fully updated with important new theory and practical material this second edition of Learning Journals offers guidance on keeping and using journals and gives step by step advice on integrating journal writing on taught courses in training and professional development and in supporting personal development planning PDP activities Key topics covered include the nature of learning journals and how we learn from them the broad range of uses of learning journals including portfolios and personal and professional development the depth and quality of reflection in learning journals the assessment of learning journals and reflective writing the use of narrative and story telling techniques in journals With useful exercises and activities that enhance learning journal work in a structured manner Learning Journals is invaluable reading for teachers and students in higher education for all professionals particularly those working in the health services and business and training and for all those who want to learn more about keeping a fulfilling personal journal

**From Principles of Learning to Strategies for Instruction-with Workbook Companion** Robert J. Seidel,Kathy C. Perencevich,Allyson L. Kett,2007-09-23 From Principles of Learning to Strategies for Instruction Part One The purpose of this book is to help educators and training developers to improve the quality of their instruction Unlike other available works the text is not limited to a particular theoretical position Nor is it like many of the instructional design texts which ignore the learning literature Rather it draws

upon any and all of those research based principles regardless of learning theory which suggest heuristics to guide instructional strategies The approach of the authors is unique in that they develop a framework or model taxonomy for tasks through which the principles of learning can be related to particular learning processes suggesting distinctive strategies for specific instructional tasks The authors present a four stage model that includes acquisition automaticity near term transfer and far term transfer Workbook Companion Part Two In this Workbook Companion the strategies presented in the original book are expanded by supplying practical and specific strategies to implement of a variety of other subject matters These strategies are based on the needs which the authors currently see and cite in existing educational systems Each chapter concentrates on providing recommended instructional strategies and practical exercises for a specific target group high school age adolescents Contributors supply strategies in the different learning domains including Cognitive Psychomotor Affect and Interpersonal and each individual is responsible for training teachers developing and or evaluating curricula for such training and educating high school students through the development and implementation of curricula Developed for both new and experienced teachers developing curricula for high school adolescents the goal of the Workbook Companion is to provide those in the field of education with strategies to incorporate each of the four domains into their lesson plans regardless of subject area
