Masterliness In The Teaching Profession:

Masterliness in the Teaching Profession Linda La Velle, 2016-03-22 This collection presents an international perspective on issues of training and accreditation at the Master's level of course provision in the initial and continuing professional development of teachers coining the phrase masterliness in education It provides a comparative background to inform the debate about the level at which teachers knowledge bases make them most effective in terms of both pedagogic expertise and pupils outcomes The book examines and illustrates the relationship between master's level education and professionalism through the lenses of reflective evaluation narrative inquiry and critique Discussion of issues of professionalism and acculturation of teachers exemplifies the tension that arises in modern educational systems across the world between teacher accountability and teacher autonomy and argues that masterliness in education can only be acquired through the professional freedom afforded by teacher autonomy within empowering frameworks of professional development Several chapters deliberate the relationship between the roles of schools and higher education institutions in both initial and continuing teacher education at master's level providing argument and evidence to show that this partnership is crucial to the effectiveness of the professional development that supports improved outcomes for learners This book demonstrates that masterliness in education an aspiration of initial and continuing teacher education internationally is a state of advanced professional critical thinking linked to action and informed by research and evidence Through the exercise of this criticality teacher empowerment expertise and autonomy increase as masterliness develops There is considerable convergence in the provision of these elements of Masters level courses internationally and this enables the debate to highlight good practice and to exemplify those essential characteristics of masterliness in teaching that lead to the continued improvement of learning in the world's schools This book was originally published as a special issue of Journal of Education for Teaching
