Guide For Skin Assessment:

Adult Nursing Practice Ian Bullock, Jill Macleod Clark, Joanne Rycroft-Malone, 2012-05-24 Adult Nursing Practice Using evidence in care enables today's students and newly qualified nurses develop the knowledge and skills they need to deliver and lead care tomorrow. Reflecting the principles of evidence based care in line with the current NMC competencies this textbook helps students learn to manage patients with common conditions and fundamental health needs so they can provide the best possible evidence based care. Written and edited by leading nurses from practice education and research it focuses on common diseases, fundamental health needs and symptoms that nurses encounter in daily practice. Conditions are clearly explained so that the causes of ill health are easily understood. Every chapter covers pathophysiology, indicates the key priorities for nursing assessment and discusses what the evidence says before considering nursing management options. Throughout the authors' clear signposts to trustworthy evidence mean that students can effortlessly select the best nursing interventions for their patients using the current available evidence base. The ideal guide for students preparing for registration and newly qualified staff going through preceptorship, it is packed with over 115 illustrations and lots of features to bring the subject to life and make learning easier. **BL**Nursing assessment illustrations outline challenges caused by common diseases in a helpful and memorable way, highlighting issues that need assessment. **BL**Red flag icons indicate the warning signs of deterioration and urgent questions are listed that can be used for assessment and monitoring. **BL**Case studies of effective evidence based interventions show the difference that high quality nursing care makes. **BL**Cross references between common conditions, causes and managing related health needs and symptoms develop understanding by clearly linking pathophysiology with nursing management options. **BL**Theory into practice boxes further enhance learning through suggested activities such as exploring key evidence, considering major practice issues or applying core knowledge while out on placement. **BL**Online resource centre at www.oxfordtextbooks.co.uk/orc/bullock Filled with interactive and useful e learning resources to help students test their learning, keep up to date with the latest evidence and further expand their knowledge, it features **BL**Clinical decision making scenarios, **BL**Quiz questions, **BL**Updates to content, **BL**Hyperlinked references, **BL**Images from the book, **BL**Lecturer resources.
