## Paper 3 ( Creative Writing)

### Section A: Essay

#### Narrative Essay:

- A narrative essay deals with a person/people and what happened to him/her/them/me/us.
- It is usually written in the past tense.
- The value of the essay increases if the story is interesting and captures the imagination with a surprising ending.
- Including a bit of humor sometimes makes the essay interesting, depending on the relevance of such a topic.
- If the story is interesting (coupled with applicable language), the value of the essay will be higher.
- Can descriptive elements appear in a narrative essay? Of course! It is the authentic and convincing elements of your story that count.

#### Descriptive essay:

- In a descriptive essay, you must describe something, for example, a person, place, situation, experience, emotion, or object.
- Observation plays an important role – whether you describe your emotions, nature, a person/people, or whatever else – how you put it in words is crucial.
- The creation of an appropriate atmosphere/mood increases the value of the essay. Try to use as many of the senses as possible in your description.
- Avoid deliberate, fancy/glamorous language – it is not convincing. Rather opt for simple language that carries meaning clearly.
- Authenticity and sincerity add a lot of value to a descriptive essay.
- The fresher/more precise the observation and the more secure/more effective the observation, the higher the value of the essay.

#### Argumentative essay:

- An argumentative essay is subjective and makes a case in favor of, or against, a specific point of view and maintains that view from the first paragraph until the last sentence.
- It's important to distinguish between argumentative and discursive essays because they are not the same.
- The aim is to convince the reader to agree with your opinion.
- Usually, statements are made on a preconceived point of view and motivations are provided to support the statements.
- It is usually written in the present tense.
- The language used can sometimes be more formal than in the case of a narrative essay, but this is not a prerequisite – it depends on the nature of the issue that is being argued.
- Facts usually play a more important role than in (for example) a descriptive essay.
- Never belittle or insult in an argumentative essay – respect for the dignity of the other side must at all times be maintained.
- The stronger the arguments and motivations (without exaggeration and over-emotionality), the stronger the essay will address the reader.

#### Discursive essay:
