Cutter, 2017-08-15 From the 1787 Wedgwood antislavery medallion featuring the image of an enchained and pleading black body to Quentin Tarantino s Django Unchained 2012 and Steve McQueen s Twelve Years a Slave 2013 slavery as a system of torture and bondage has fascinated the optical imagination of the transatlantic world Scholars have examined various aspects of the visual culture that was slavery including its painting sculpture pamphlet campaigns and artwork Yet an important piece of this visual culture has gone unexamined the popular and frequently reprinted antislavery illustrated books published prior to Harriet Beecher Stowe s Uncle Tom s Cabin 1852 that were utilized extensively by the antislavery movement in the first half of the nineteenth century The Illustrated Slave analyzes some of the more innovative works in the archive of antislavery illustrated books published from 1800 to 1852 alongside other visual materials that depict enslavement Martha J Cutter

argues that some illustrated narratives attempt to shift a viewing reader away from pity and spectatorship into a mode of empathy and interrelationship with the enslaved She also contends that some illustrated books characterize the enslaved as obtaining a degree of control over narrative and lived experiences even if these figurations entail a sense that the story of slavery is beyond representation itself Through exploration of famous works such as Uncle Tom's Cabin as well as unfamiliar ones by Amelia Opie Henry Bibb and Henry Box Brown she delineates a mode of radical empathy that attempts to destroy divisions between the enslaved individual and the free white subject and between the viewer and the viewed

**The Oxford Handbook of the African American Slave Narrative** John Ernest, 2014-02-28 Given the rise of new interdisciplinary and methodological approaches to African American and Black Atlantic studies The Oxford Handbook of the African American Slave Narrative will offer a fresh wide ranging assessment of this major American literary genre The volume will begin with articles that consider the fundamental concerns of gender sexuality community and the Christian ethos of suffering and redemption that are central to any understanding of slave narratives The chapters that follow will interrogate the various agendas behind the production of both pre and post Emancipation narratives and take up the various interpretive problems they pose Strategic omissions and veiled gestures were often necessary in these life accounts as they revealed disturbing too painful truths far beyond what white audiences were prepared to hear While touching upon the familiar canonical autobiographies of Frederick Douglass and Harriet Jacobs the Handbook will pay more attention to the under studied narratives of Josiah Henson Sojourner Truth William Grimes Henry Box Brown and other often overlooked accounts In addition to the literary autobiographies of bondage the volume will anatomize the powerful WPA recordings of interviews with former slaves during the late 1930s With essays on the genre's imaginative afterlife its final essays will chart the emergence and development of neoslave narratives most notably in Styron's The Confessions of Nat Turner Toni Morrison's Beloved and Octavia Butler's provocative science fiction novel Kindred In short the Handbook will provide a long overdue assessment of the state of the genre and the vital scholarship that continues to grow around it work that is offering some of the most provocative analysis emerging out of the literary studies discipline as a whole
