Continuous Process Improvement Dod, 2019-10-23 The original DoD Continuous Process Improvement (CPI) Transformation Guidebook was published in May 2006. The Deputy Secretary of Defense in the Guidebook's cover memo endorsed it as a resource for all DoD organizations to help design and manage CPI efforts and to foster a culture of continuous improvement throughout the Department. This July 2008 CPI Lean Six Sigma LSS Guidebook updates the May 2006 document. It reflects the inputs of a cross-agency DoD team as well as major developments that demonstrate further institutionalization of a CPI LSS culture within the DoD. We have placed additional focus and emphasis on adapting continuous process improvement principles and implementing Lean Six Sigma and other effective methodologies.
