

# ENGLISH HOME LANGUAGE: PAPER 1

## Question 1: Text A (Article)

### Types of questions asked:

#### 1. The meaning of words

How to figure out the meaning of difficult words:

- What does it sound like? Does it look/sound like other words you know or other words in the text?
- What part of speech is it? Is it a noun, adjective, verb, adverb?
- Are there prefixes or suffixes? And what is the root then?
- Look at the mood of the paragraph. Is it negative or positive? Does this help you to find a possible meaning?

#### 2. Tone and mood

- **Tone:** the writer's attitude towards the subject. Can be positive or negative.
- **Mood:** the feeling evoked in the reader.

#### 3. Writer's intention and point of view, or the purpose of the text

- Why did the writer include specific details? Does he want to prove a point, draw attention, give his/her opinion, persuade the reader to think in a certain way, tell a story, give information?
- The writer's intention is the influence he/she wants on the reader. What should the reader feel/do/believe after reading the text?

#### 4. Themes and message

- **Theme:** the main idea. This is usually a key term (e.g. love) or a contrast (life vs. art).
- **Message:** the "lesson" that the reader learns from the text (e.g. It's never too late to try something new).

#### 5. Denotation and connotation of words

- This can help you find the meaning of words. It can also help you explain what a writer means by a phrase.
- **Denotation:** literal dictionary meaning (e.g. pig = pink round "oink oink")
- **Connotation:** additional, hidden, often metaphorical meaning (e.g. pig = a rude person, or someone with poor table manners, usually male)

#### 6. Implications and assumptions

- **Implied meaning:** reading between the lines. E.g. if someone says a woman is not exactly beautiful, he implies that she is unattractive.
- **Assumption:** things you accept as true even though you can't say/prove it. E.g. if you say, "Learners don't like homework", the assumption is that these are school children and homework is part of school.
- When answering these questions, look for the hidden message.

#### 7. Text structure

- One-sentence paragraphs draw attention, focus the topic, prove a point etc.
- The introduction is meant to introduce the topic. It usually consists of a "hook" (attention grabber) and a topic statement. Does it do this in your text?
- The conclusion usually sums up the whole text. It doesn't contain new information, but may express the writer's view or give final advice.
- Exam questions on structure usually ask if you think the structure is effective. Try to answer BOTH "yes" and "no" (mixed answer).

#### 8. Stylistic devices/techniques

- The most common ones:
  - Rhetorical questions
  - Repetition
  - Quotations of famous people's words
  - Giving examples
  - Giving statistics or credible sources
- The writer wants to prove a point, give a balanced account, make the reader think, etc.

### TIPS:

1. Use your own words!
2. Quote only if asked (with quotation marks and a line reference).
3. NEVER "lift" (copying from the text without using quotation marks or your own words).
4. Base your answer on the text ONLY. If a specific paragraph is mentioned, use that paragraph to find the answer.
5. Don't repeat the question in your answer.
6. Write in full sentences unless a short answer is required.
7. Look at the mark allocation.  
1 mark = 1 point/fact
8. Find the key concepts in the question and make sure you refer to all of them in your answer.
