Against the Odds:

Harry S. Truman and the Election of 1948

"Thomas E. Dewey's Election as President Is a Foregone Conclusion," read a headline in the New York Times during the presidential election race between incumbent Democrat Harry S. Truman and his Republican challenger, Thomas E. Dewey. Earlier, Life magazine had put Dewey on its cover with the caption "The Next President of the United States" (qtd. in "1948 Truman-Dewey Election"). In a Newsweek survey of fifty prominent political writers, each one predicted Truman's defeat, and Time correspondents declared that Dewey would carry 39 of the 48 states (Donaldson 210). Nearly every major media outlet across the United States endorsed Dewey and lambasted Truman. As historian Robert H. Ferrell observes, even Truman's wife, Bess, thought he would be beaten (270).

The results of an election are not so easily predicted. Not only did Truman win the election, but he won by a significant margin, with 303 electoral votes and 24,179,259 popular votes, compared to Dewey's 189 electoral votes and 21,991,291 popular votes (Donaldson 204-7). In fact, many historians and political analysts argue that Truman would have won by an even greater margin had third-party Progressive candidate Henry A. Wallace not split the Democratic vote in New York State and Dixiecrat Strom Thurmond not won four states in the South (McCullough 711). Although

The International Student's Guide to Writing a Research Paper Janine Carlock, Maeve Eberhardt, Jaime Horst, Peter Kolenich, 2017-06-13 The International Student's Guide to Writing a Research Paper is a reference text for undergraduate students and those in ESL or bridge courses who are writing a research paper for the first time. This book is partly an update of Writing a Research Paper by Lionel Menasche 1998 and partly a companion to The ESL Writer's Handbook. Each section of the book includes a discrete task called a Building Block which requires students to apply the skills learned toward the development of their own paper. This step by step approach allows students to construct knowledge as they become more familiar with the process making writing a research paper a less intimidating task. Special features: This guide uses simple direct language for those for whom writing a research paper is new. Most example writing is from international students in an ESL program or first year writing class including two sample papers one in APA and one in MLA. A section on responding to instructor feedback to provide students with the tools to read and understand comments and use them to improve the first draft. A subsection dedicated to constructing clear and cohesive paragraphs and sentences. The guide includes citation and style examples in MLA 8th edition.

Handbook for Social Work Writing Susan E. Mason, Wendy Zeitlin, 2024-03-28 This

concise, accessible and engaging handbook offers a companion for social work students to acquire professional and competency based writing skills. Written by experienced educators the book builds writing proficiency by introducing a social work based guide to academic writing and professional communication. Each chapter addresses a specific area of social work writing and development progressing from coursework and beginning fieldwork to practice based assessments and reports. The authors integrate a series of scaffolded activities throughout for readers to cultivate awareness and further technique and with sections explaining contemporary communication methods and common writing challenges readers will be prepared to use technology both to strengthen their writing and to ease the overall process. Excellent for use in courses across the social work curriculum and as a personal guide the Handbook for Social Work Writing provides students with on the spot guidance for any type of academic or professional writing assignment.

Counselor Education Carl J. Sheperis, R. J. Davis, 2015-12-01 Online Counselor Education A Guide for Students is an all new guide for online students in counselor education programs. Students in online environments face a number of challenges that could put them at a disadvantage unless they have a resource to help guide them through some of the confusing aspects of an online environment. Such challenges include the lack of understanding surrounding graduate school performance expectations, balancing graduate school and life, the inability to connect with community members and local field agencies and various other aspects unique to an online environment. This text will help students through these challenges and act as an invaluable resource.

The Essential Guide James D. Lester (Sr.), James D. Lester, 2008 Low cost small trim size and concise coverage make this research guide a valuable but non intrusive supplement to a core text or anthology in any college course that requires a research paper. Coverage of Internet sources includes attention to critical evaluation of these sources and tips for using discipline specialized search engines. Chapter on preparing electronic projects explains methods for incorporating slide presentations web sites web pages and digital graphics into the research paper. Increased coverage of the library's electronic resources including academic databases. A new chapter 5 focuses on avoiding plagiarism and practicing academic integrity. New chapters 6 and 7 help students identify the best sources evaluate them for relevancy authority and accuracy and to create notes that paraphrase quote and summarize effectively. Complete and up to date coverage of four documentation systems MLA APA CBE and Chicago style also includes coverage of electronic sources according to the latest editions of these respective style manuals **College Writing** Toby Fulwiler, 1997 The second edition of College Writing is based on the premise that writing is a varied and imaginative process not a rigid adherence to a set of conventions. Like the original text it continually exhorts students to find and celebrate their own voice. Indeed it is this affirmation of individual creativity that sets College Writing apart from other process oriented rhetorics. Among the book's new features are an up to date electronic reference section expanded discussions on research writing strategies new presentations on argumentative and interpretive writing and a review of creative revision techniques **Conducting Research in Psychology** Brett W.
