Guide To Art And Architecture:

Beaux-arts Architecture in New York Edmund Vincent Gillon, Henry Hope Reed, 1988-01-01 Discusses the Beaux Arts style in architecture and shows and describes examples among the hotels banks apartment buildings museums offices and monuments of Manhattan *Bibliographic Guide to Art and Architecture* New York Public Library. Art and Architecture Division, 1975 **Art and Architecture Book Guide** Art & Architecture Book Guide, Art and Architecture Book Guide Editors, 1978-06-01 A Guide Book of Art, Architecture, and Historic Interests in Pennsylvania Anna Margaretta Archambault, 2021 **Art-SITES San Francisco** Sidra Stich, 2003 In this guidebook for lovers of art and architecture lively authoritative commentary is offered on San Francisco museums alternative spaces galleries public art architecture design showrooms interior renovations urban projects film centers sculpture parks bookstores and art fairs Maps *The Art and Architecture of London* Ann Saunders, 1988 The comprehensive prize winning guide introduces the reader whether visitor or resident to the unparalleled visual wealth and historical interest contained in London art and architecture Ann Saunders lively style enthusiasm and narrative gift bring her topographical survey to life enriching it with historical information and with details of the people who built and lived in London One of the book's great strengths is its thorough and sympathetic treatment of London's suburbs with their little known wealth of old village centers medieval churches and fine houses A great city deserves to be celebrated and this book does its subject proud **Thinking About Art** Penny Huntsman, 2015-11-04 Thinking about Art explores some of the greatest works of art and architecture in the world through the prism of themes instead of chronology to offer intriguing juxtapositions of art and history The book ranges across time and topics from the Parthenon to the present day and from patronage to ethnicity to reveal art history in new and varied lights With over 200 colour illustrations and a wealth of formal and contextual analysis Thinking about Art is a companion guide for art lovers students and the general reader and is also the first A level Art History textbook written by a skilled and experienced teacher of art history Penny Huntsman The book is accompanied by a companion website at www.wiley.com/go/thinkingaboutart

Bibliographic Guide to Art and Architecture 1996 Cengage Gale, Nyp, 1997-07-01 **New York Art Deco** Anthony W. Robins, 2017-04-24 The first guidebook devoted exclusively to New York City's Art Deco treasures Of all the world's great cities perhaps none is so defined by its Art Deco architecture as New York Lively and informative New York Art Deco leads readers step by step past the monuments of the 1920s and 30s that recast New York as the world's modern metropolis Anthony W Robins New York's best known Art Deco guide includes an introductory essay describing the Art Deco phenomenon followed by eleven walking tour itineraries in Manhattan each accompanied by a map designed by legendary New York cartographer John Tauranac and a survey of Deco sites across the four other boroughs Also included is a photo gallery of sixteen color plates by nationally acclaimed Art Deco photographer Randy Juster In New York Art Deco Robins has distilled thirty years worth of experience into a guidebook for all to enjoy at their own pace A wonderful warmhearted

exceptionally knowledgeable and detailed guidebook that takes you firmly by the hand along fifteen thoughtfully planned itineraries through New York's most exuberant and optimistic architectural heritage those much beloved Art Deco skyscrapers apartment houses shops and theaters that stand out as the showy orchids and magnificent birds of paradise of the city's building stock Anthony W Robins's New York Art Deco is an essential introduction to hundreds of structures that are as the book says waiting impatiently for you to visit Tony Hiss author of In Motion The Experience of Travel Anthony W Robins has produced what will surely stand as the definitive guide to New York City's Art Deco architecture The book is an authoritative as well as entertaining tour de force drawn from the author's encyclopedic knowledge of the subject Jules Stewart author of Gotham Rising New York in the 30s Anthony Robins's New York Art Deco fills a void in the design library of New York Well organized by itineraries that begin at the very tip of Manhattan and work their way into the other four boroughs it is filled with invaluable information on the monuments of Art Deco and French moderne structures whose design perfectly expresses the streamlined era when speed and movement were celebrated This is a must have book for every lover of Art Deco whether you are a New Yorker or a visitor from New Zealand David Garrard Lowe author of Art Deco New York The Art Deco style fits New York like a glove from the skyscraping Chrysler Building to the little eye popping Lane Theater on Staten Island and nobody knows it like Anthony Robins If you thought you knew Art Deco as I did before I read his New York Art Deco then buy this book and be surprised Christopher Gray author of the former New York Times Streetscapes column Buy this book take a few wonderful walks around the entire city discovering some fine New York neighborhoods you probably have never been to from the Grand Concourse and Washington Heights treasure trove of Deco to the Chrysler Building to Flatbush in Brooklyn and ask yourself do all those new glass towers in Manhattan leave you as delighted as Art Deco's confections whether seven stories or seventy That generation knew how to make buildings that you really want to live in work in and walk by Thank you Anthony Robins for giving us the keys to that kingdom Barry Lewis architectural historian With the publication of New York Art Deco everyone from the city explorer to the armchair reader can now experience Anthony Robins's dynamic Art Deco walking tours Robins not only discusses the city's famed Deco skyscrapers but also identifies the spectacular but little known Deco gems spread across the city This book is a must for those who love New York and thrill to Art Deco architecture Andrew Scott Dolkart author of The Row House Reborn Architecture and Neighborhoods in New York City 1908 1929 **The Bulfinch Guide to Art History** ,1996 A collection of 13 essays focusing on important periods and issues in the history of Western art Includes a dictionary with more than 5 000 entries [Art-Lovers Guide to the Exposition](#) Sheldon Cheney,2019-04-29 This handbook is designed to furnish the information necessary for intelligent appreciation of the purely artistic features of the Exposition It is planned first to explain the symbolism of the architecture sculpture and painting and second to point out the special qualities that give each artistic unit its individual appeal It is made for the intelligent observer who having enjoyed the purely aesthetic impression of the various works of art feels a legitimate

curiosity about their meaning Everything possible has been done to make the volume a guide rather than merely a general treatise The chapter groupings are the most obviously serviceable ones Running heads will be found at the tops of the pages and the sub headings and catch titles in each chapter are designed to make reference to individual features as easy as possible A complete index is added at the end Purely destructive criticism and ridicule have been carefully avoided But if the writer did not pretend to a power of artistic discrimination which is lacking in the average layman who has not specialized in art and architecture there would be little excuse for preparing the guide The praise and criticism alike are such it is hoped as will aid the less practiced eye to see new beauties or to establish sounder standards of judgment

An Art-Lovers Guide

to the Exposition Sheldon Cheney, 2017-06-12 This handbook is designed to furnish the information necessary for intelligent appreciation of the purely artistic features of the Exposition It is planned first to explain the symbolism of the architecture sculpture and painting and second to point out the special qualities that give each artistic unit its individual appeal It is made for the intelligent observer who having enjoyed the purely aesthetic impression of the various works of art feels a legitimate curiosity about their meaning Everything possible has been done to make the volume a guide rather than merely a general treatise The chapter groupings are the most obviously serviceable ones Running heads will be found at the tops of the pages and the sub headings and catch titles in each chapter are designed to make reference to individual features as easy as possible A complete index is added at the end Purely destructive criticism and ridicule have been carefully avoided But if the writer did not pretend to a power of artistic discrimination which is lacking in the average layman who has not specialized in art and architecture there would be little excuse for preparing the guide The praise and criticism alike are such it is hoped as will aid the less practiced eye to see new beauties or to establish sounder standards of judgment Acknowledgment is made to the official Exposition press bureau for courtesies received and to those artists who have supplied information about their own work For obvious reasons no material has been accepted direct from articles and books already published If certain explanations of the symbolism seem familiar it is only because all wordings of the ideas echo the artists interpretations as given out by the press bureau Acknowledgment is due also to the Cardinell Vincent Company official photographers since most of the illustrations are from their prints S C The Architecture and Art as a Whole In the art of the Exposition the great underlying theme is that of achievement The Exposition is being held to celebrate the building of the Panama Canal and to exhibit to the world evidences of the progress of civilization in the decade since the last great exposition a period among the richest in the history of civilization So the ideas of victory achievement progress and aspiration are expressed again and again in the architecture with its triumphal arches and aspiring towers in the sculpture that brings East and West face to face and that shows youth rising with the morning sun eager and unafraid and in the mural paintings that portray the march of civilization and that tell the story of the latest and greatest of mankind s triumphs over nature But perhaps the most significant thing of all is the wonderfully harmonious and unified effect of the whole that testifies so splendidly to the perfect

co operation of American architects sculptors and painters The dominant note artistically is harmony At no other exposition have the buildings seemed to hold together so well and at no other has there been the same perfect unity of artistic impression The Complete Illustrated Guide to Islamic Art and Architecture Moya Carey,2010 *Art and Architecture Venice* Marion Kaminski,2004-11 Travel Guide and Art Guide in one Each volume of the Art Architecture series is opulently illustrated **The Complete Guide to Romanesque Art and Architecture in Spain** Patrick Elvin,2021-02-13 this book fills a gap in the published works in English on Romanesque architecture in Spain In an easy to use format with buildings listed and described by provinces and regions with an accompanying photograph of every listing The book lists over three hundred buildings **Rome and Latium** Marianne Albrecht-Bott,1987 Photos and concise text describe the ancient ruins medieval monasteries cathedrals and secular buildings of Rome and Latium **An Art-Lovers Guide to the Exposition** Shelden Cheney,2008-11-01 **Guide to Indexing and Cataloging with the Art & Architecture Thesaurus** Toni Petersen,Patricia J. Barnett,1994 This edition is an expanded version of the vocabulary resource for the description of fine art architecture decorative art material culture and archival materials The Guide to Indexing and Cataloging has been added **Guide to Resources on GCLC Art, Architecture, and Design** Mona L.
