Guide To Project Management Paul Roberts:

Guide to Project Management Paul Roberts, 2007-08-01 Most projects fail to reach their desired results when an organization views a project as the responsibility of only one individual the project manager Experience demonstrates that significant ventures require a great number of people including those who commission the project those who finance it those who carry it out and even those who use the end product to be successful This guide offers an in depth approach to getting project management right Guide to Project Management shows why projects of any scale require that an entire organization contribute to achieving results It focuses on the steps essential for successful management initiation planning delegation and closing Author Roberts has successfully managed projects at major companies such as Pfizer and British Airways In this book he details how all stakeholders can manage a project properly and successfully

Guide to Project Management Paul Roberts, 2013-02-06 A veteran project manager shares his proven approach to getting the job done right on schedule and within budget every time Each year companies initiate projects in hopes of improving their bottom lines and gaining a competitive advantage Unfortunately a good percentage of those projects either never get off the ground or if they do never come to fruition According to veteran project manager Paul Roberts more often than not projects fail because of a lack of organization wide commitment to their success and an unwillingness to invest in proper project management In this updated second edition of his popular guide Paul clearly shows why projects of any scale require that an entire organization contribute to achieving results He outlines a proven approach for engaging all stakeholders in the project management process And he walks you through the four steps essential for successful management initiation planning delegation and closing Author Paul Roberts has successfully managed projects at a variety of prestigious companies including Pfizer and British Airways Clearly demonstrates how and why investing in project management especially in this economy can help you avoid or minimize the impact of schedule delays and cost overruns Offers expert advice and guidance on how to place project management a priority not just for the PM and project team but organization wide Supplies a wealth of clearly easy to use flow charts diagrams tables and other useful project management tools

The Economist Guide to Project Management 2nd Edition Paul Roberts, 2013-01-24 From the Hubble space telescope that was launched with a malfunctioning device that resulted in all the pictures it took being blurred to the extremely late completion of England's new national soccer stadium at Wembley history is full of example of projects that damaged organisations because they were late over budget failed to deliver what they were meant to or were complete disasters This guide explains the principles and techniques of project management and how they are interconnected with the day to day management of a business It is an invaluable handbook for helping firms deliver successful project outcomes and achieve lasting benefit through effective change
