

The learner will be expected to compile a portfolio of evidence based on the research/investigation on a specific topic to depict, sell, demonstrate or advertise the topic. This portfolio will contain all the evidence on the topic that the learner could gather. This should include reports, presentations, photographs, pictures, graphs, sketches, diagrams, etc.

An example of a portfolio of evidence: Evidence of the degradation of the environment.

#### 4.5.2 Project

The **project** will be a piece of work in which knowledge, skills and values which lead towards competence in the specific or integrated content, are demonstrated. The project requires extended reading and writing on the part of the learner. The project will involve thorough investigation into and sourcing information on a selected topic in the curriculum. This could take the form of an interview, observation and making suggestions to improve upon the topic. The objective for the project should be clear and thorough planning should take place, e.g. preparing the questions for an interview. This is followed by the research, and finally the data/ information has to be collated into evidence. The evidence will be in the form of an essay with sub-headings relating to the criteria of the task.

Although learners will spend time outside of contact time to collect resources and information, the completion of the task has to be facilitated by the teacher in class time. The topic and nature of the project will be determined by the content covered according to the annual teaching plan. Learners should be given a project before the end of the second term, after the content related to the project has been addressed, for submission during the third term. Learners will need adequate guidance at the outset of the project and progress should be monitored throughout. All assessment criteria applicable to the project has to be discussed with the learners prior to the commencement of the project.

Examples of a project:

- Community project to address a social or environmental issue
- Investigation of lifestyle choices and their impact on the overall well-being of the South African youth
- Research and apply decision-making skills to challenging situations set in different contexts: a plan of action or advice for long-term success should be provided.

When preparing a project, consider these minimum requirements:

- A cover page
- A table of contents
- Text divided into paragraphs/sections as indicated in the instructions/criteria for the project
- Pictures, photos, diagrams and graphs may be included
- Include a bibliography
- The project should be bound or stapled.

#### 4.5.3 Examinations

Examinations of at least 90 minutes each will be administered twice a year as part of the internal examination

### **Exampler 2014 Life Orientation Memo:**

**Rapprochement Between Fathers and Sons** Louis Rothschild, 2023-11-23 Following Freud's rather cold conception of fathers and a relative neglect of their role in psychoanalytic theory is a challenge to continue more recent efforts to develop a psychoanalytically affirmative portrait of fatherhood. Here fathers are attuned to relational mutuality and intimacy as a source of flourishing. Rapprochement is understood as a sub phase of child development marked by a dramatic expression of conflict such as "Hear me see me give me space don't give me space." In addition, rapprochement is considered to characterize conflicts between autonomy and dependency across the lifespan. An often muted and subtle tension between holding and letting go persists. Working with what is felt entails entering a never fully completed negotiation marked by misreadings, bias, and illusion. Father is understood to be a name pointing to a parenting function. With material that includes the grief of failed reunion, particular stories are mediated through thinking alongside philosophy and psychoanalytic theory in order to further explore the difficulty of integrating nurturing capacities into conceptions of masculinity. As a critique of gendered rigidity, a case is made for a social surround that declares mutual vulnerability to exist in a state of permanent inquiry and relational curiosity. Such openness can function to aid parents, clinicians, and respective community members to privilege the development of increased frustration tolerance. By extension, a good enough father is one who recognizes breakdown, a need for refueling, and possesses and practices a willingness to encounter uneven rhythms in human dimensions. This thoughtful work brings fresh insight into the role of the father and masculinity and is essential reading for mental health professionals.

The SAGE Handbook of Family Business Leif Melin, Mattias Nordqvist, Pramodita Sharma, 2013-11-15 The SAGE Handbook of Family Business captures the conceptual map and state of the art thinking on family business, an area experiencing rapid global growth in research and education since the last three decades. Edited by the leading figures in family business studies with contributions and editorial board support from the most prominent scholars in the field, this Handbook reflects on the development and current status of family enterprise research in terms of applied theories, methods, topics investigated, and perspectives on the field's future. The SAGE Handbook of Family Business is divided into following six sections allowing for ease of navigation while gaining a multi-dimensional perspective and understanding of the field: Part I Theoretical perspectives in family business studies; Part II Major issues in family business studies; Part III Entrepreneurial and managerial aspects in family business studies; Part IV Behavioral and organizational aspects in family business studies; Part V Methods in use in family business studies; Part VI The future of the field of family business studies. By including critical reflections and presenting possible alternative perspectives and theories, this Handbook contributes to the framing of future research on family enterprises around the world. It is an invaluable resource for current and future scholars interested in understanding the unique dynamics of family enterprises under the rubric of entrepreneurship, strategic management, organization theory, accounting, marketing, or other related areas.
