Manon Tremblay, 2019-11-15 Political representation matters. And representation requires participation voting joining political parties running as candidates acting as politicians. Yet the election of openly LGBTQ people is a relatively recent phenomenon in the West. Queering Representation explores long ignored issues relating to LGBTQ voters and politicians in Canada. What are the LGBTQ electorate's characteristics and voting behaviours and what empowerment has it achieved through electoral systems. How do straight voters view out LGBTQ politicians and what part do the media play in framing these perceptions. What pathways to

power do LGBTQ politicians follow Do they represent LGBTQ people and communities in particular and if so how is this role articulated And finally how do Canadian party ideologies shape LGBTQ representation The contributors to Queering Representation address these questions by offering diverse nuanced readings of political representation shining a spotlight on relations between electoral processes and LGBTQ communities *Social Justice in Teacher Education: Equity, Diversity, Inclusion* Tara Ratnam, Elaine Chan, Darlene Ciuffetelli Parker, 2022-08-09

The Global Refuge Owen Stanwood, 2019-12-19

Huguenot refugees were everywhere in the early modern world French Protestant exiles fleeing persecution following the Revocation of the Edict of Nantes in 1685 they scattered around Europe North America the Caribbean South Africa and even remote islands in the Atlantic and Indian Oceans The Global Refuge provides the first truly international history of the Huguenot diaspora The story begins with dreams of Eden as beleaguered religious migrants sought suitable retreats to build perfect societies far from the political storms of Europe In order to build these communities however the Huguenots needed patrons forcing them to navigate the world of empires The refugees promoted themselves as the chosen people of empire religious heroes who also possessed key skills that could strengthen the British and Dutch states As a result French Protestants settled around the world they tried to make silk in South Carolina they planted vineyards in South Africa and they peopled vulnerable frontiers from New England to Suriname This embrace of empire led to a gradual abandonment of the Huguenots earlier utopian ambitions and ability to maintain their languages and churches in preparation for an eventual return to France For over a century they learned that only by blending in and by mastering foreign institutions could they prosper While the Huguenots never managed to find a utopia or to realize their imperial sponsors visions of profits The Global Refuge demonstrates how this diasporic community helped shape the first age of globalization and influenced the reception of future refugee populations **Varcarolis's Canadian Psychiatric Mental Health**
